

HIKVISION®

BANK

**THE BANKING SOLUTION
FOR INTEGRATED
BUILDING SECURITY**

COMMON CHALLENGES

- Ensure 24-hour safety for customers, employees, and bank assets
- Collect clear, high quality video clips for forensic investigations
- Reduce labor costs with AI-empowered intelligent applications
- Enable remote maintenance and services

SOLUTION OVERVIEW

Office Areas:

- Access Control
- Intelligent Alarms

Lobbies & Walkways:

- Suspect Recognition

Monitoring Centers:

- Smart Wall
- Alarm Management
- Maintenance

Entries & Exits:

- ANPR Recording & UVSS

Public Areas:

- Panoramic Monitoring

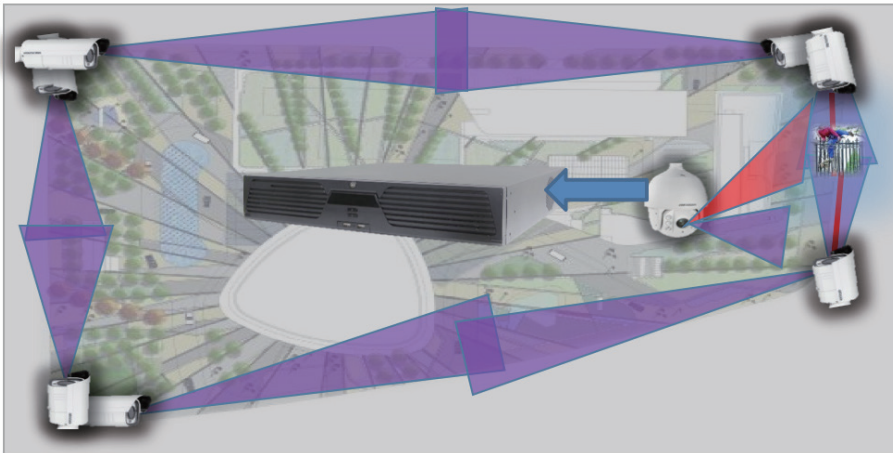

Perimeters:

- False Alarm Filtering

APPLICATION SCENARIOS

PERIMETER

1 DEEPINMIND NVRS | DEEPINVIEW CAMERAS

Based on Existing Equipment

- Line crossing detection
- Intrusion detection
- Real-time monitoring and alarm
- Prevents theft and unlawful entry
- Performs secondary recognition based on deep learning algorithm

2 THERMAL CAMERAS

Advantages:

- **Environmental Suitability:**
Adapts to challenging conditions such as darkness, high contrast, fog, and more
- **Concealed Object Detection:**
Effectively detects hidden objects or people
- **Long Distance Detection:**
Thermal cameras have longer effective detection distances
- **High Alarm Accuracy:**
24/7 real-time alarm with high accuracy

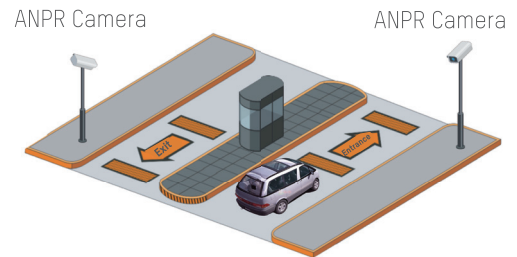

APPLICATION SCENARIOS

ENTRANCES & EXITS

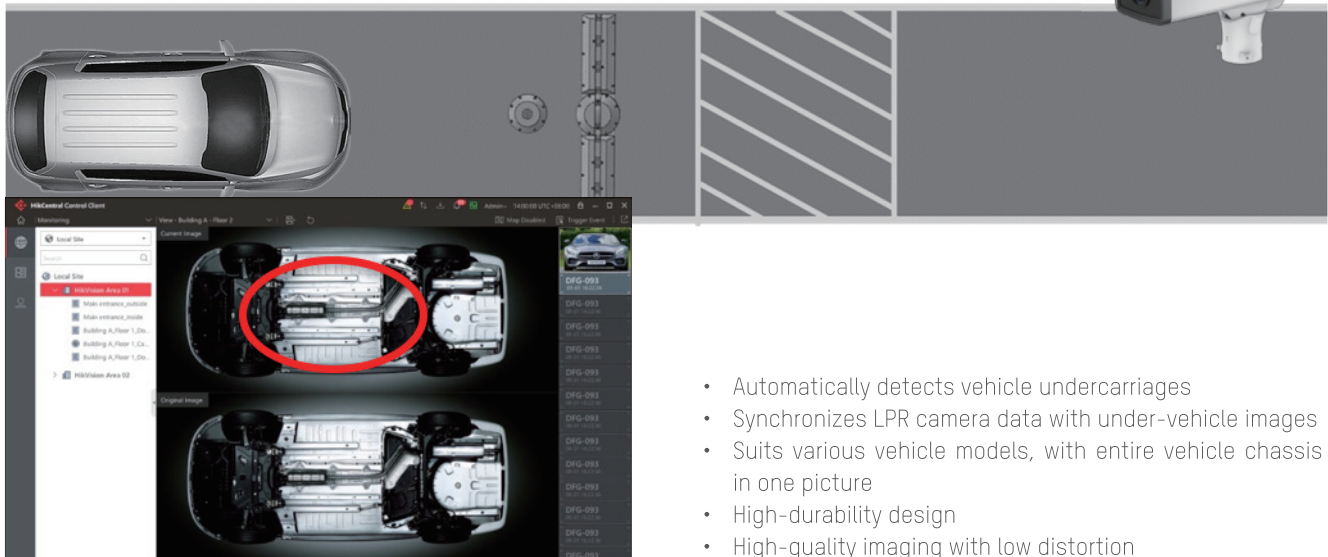

1 ANPR RECORDING

Entryways constitute the first critical threshold for bank buildings. Security guards must pay close attention to vehicles to prevent security events.

- Automatic Number Plate Recognition & Recording
- Vehicle List Management
- Blacklist Warning
- History Search & Report

2 UVSS (UNDER VEHICLE SURVEILLANCE SYSTEM)

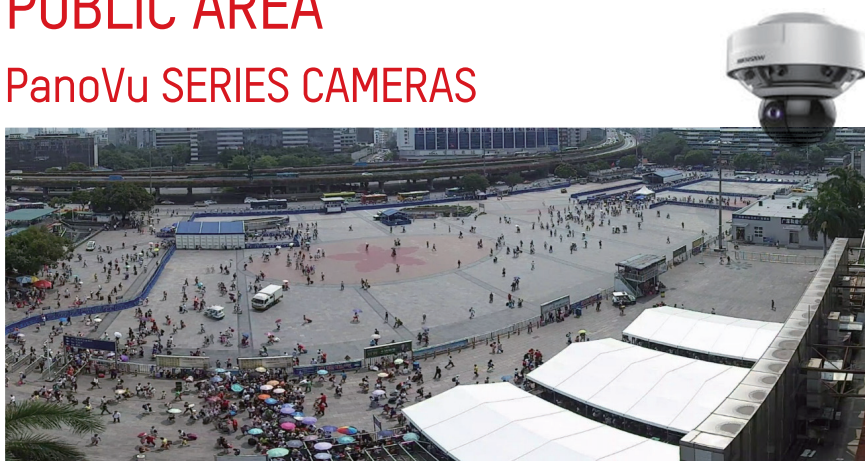

- Automatically detects vehicle undercarriages
- Synchronizes LPR camera data with under-vehicle images
- Suits various vehicle models, with entire vehicle chassis in one picture
- High-durability design
- High-quality imaging with low distortion

APPLICATION SCENARIOS

PUBLIC AREA

PanoVu SERIES CAMERAS

PanoVu Series 360° Panoramic + PTZ Camera

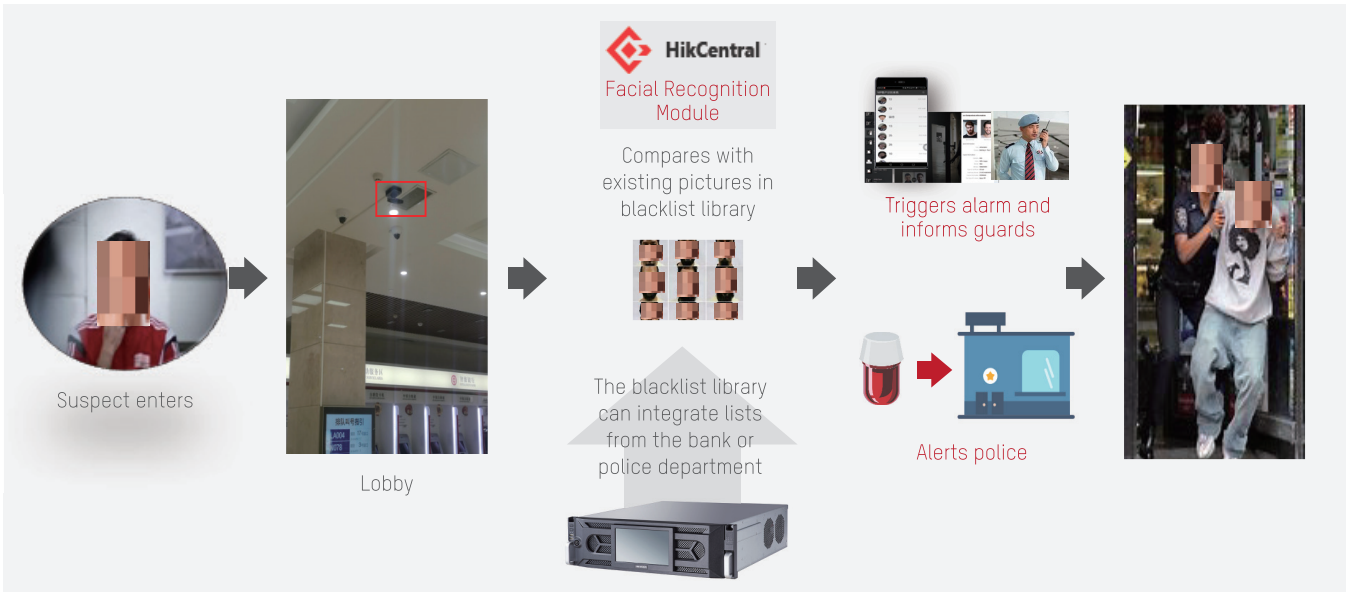

- 360° Panoramic + PTZ camera
- 8 x 2 MP panoramic view + 2 MP PTZ view
- DarkFighter technology
- Smart tracking and smart detection

APPLICATION SCENARIOS

LOBBIES & HALLWAYS

SUSPECT RECOGNITION

Banks are very likely to be the targets of criminal behaviors. The suspect recognition function not only prevents people on a blacklist from entering the bank, but also can assist local law enforcement in tracing and arresting criminals.

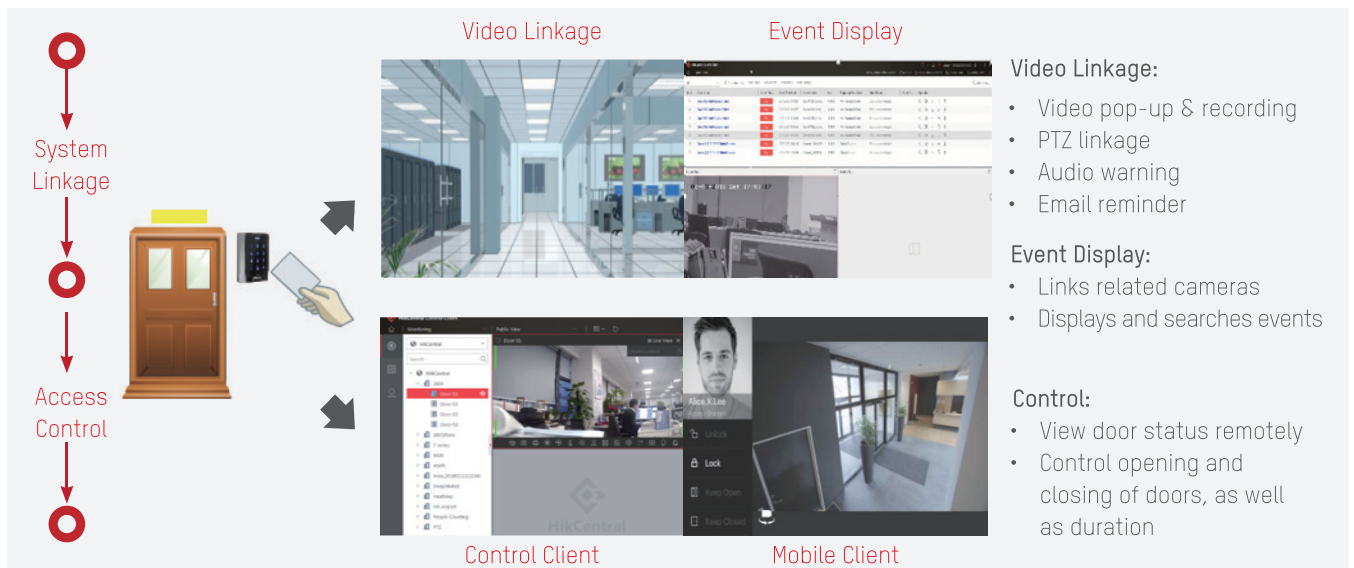

User Benefits

This function keeps bank customers, personnel, and assets safe. It can also assist police in apprehending suspects.

APPLICATION SCENARIOS

OFFICE AREAS

ACCESS CONTROL & SYSTEM LINKAGE

Video Linkage:

- Video pop-up & recording
- PTZ linkage
- Audio warning
- Email reminder

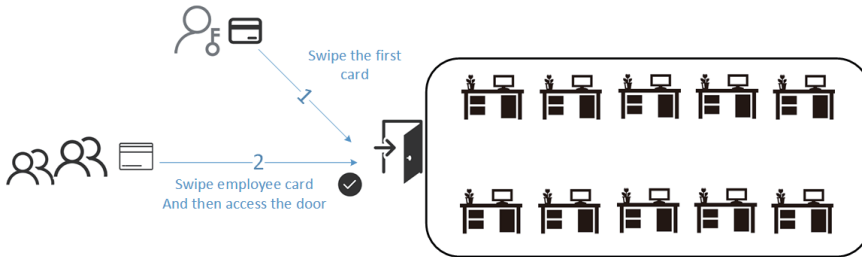

Event Display:

- Links related cameras
- Displays and searches events

Control:

- View door status remotely
- Control opening and closing of doors, as well as duration

2 FIRST CARD AUTHORIZATION

Only after the first card is swiped to open the door can other authorized cards be used. Through First Card Authorization, employees can only access the office once authorized persons gain access (manager, security, etc.).

Employees can access the office only after specified personnel enter.

APPLICATION SCENARIOS MONITORING CENTER

1 THE SMART WALL

Single Mode

Use each monitor discreetly for various content types

Joint Mode

Get all the detail you need in joint display mode

Division Mode

Every screen can be divided into more screens, enabling several tasks at once

Roaming Mode

Open a small window on the screen in the same way you would on a computer

Live View

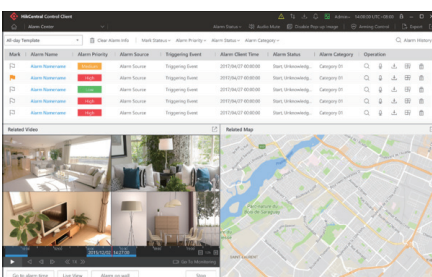

Playback

Alarm Linkage

As a crucial part of the HikCentral platform, the Smart Wall provides powerful management functions, including real-time video surveillance and visual alarm data. The capability to support up to 32 monitoring screens and 32 decoding devices along with flexible viewing modes simplifies any task on the wall.

Supports 1200K / 1600K Keyboard; supports 64 / 69 Series decoding devices; supports C10S Video Wall Controller

2 ALARM MANAGEMENT

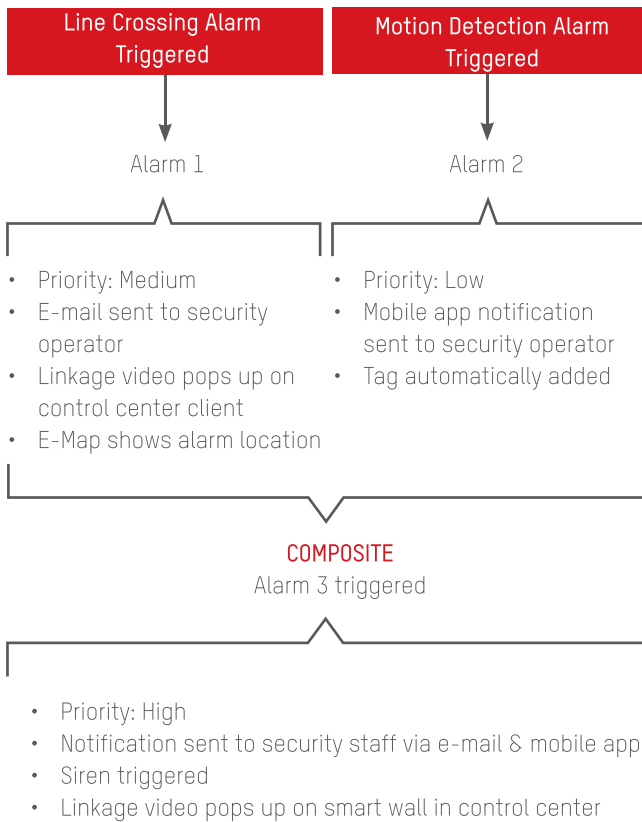

Alarm Center

The Alarm Center manages all alarms on the HikCentral Control Client.

A comprehensive alarm center module can display alarm lists, video surveillance (play back up to 16 video streams at once), and GIS simultaneously on a screen.

Composite Alarm

Alarm Escalation

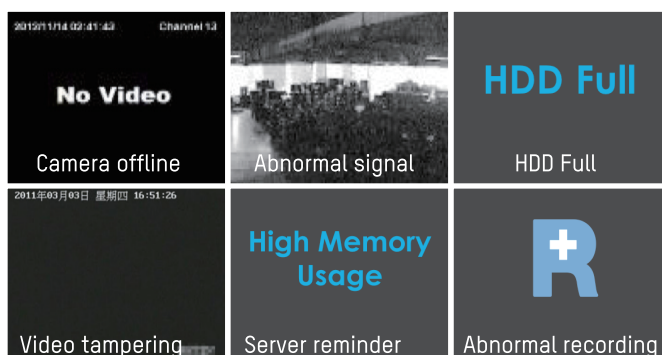

Alarm escalation takes place when the primary operator does not respond. An unprocessed alarm will be forwarded and escalated to upper level management when the original operator ignores.

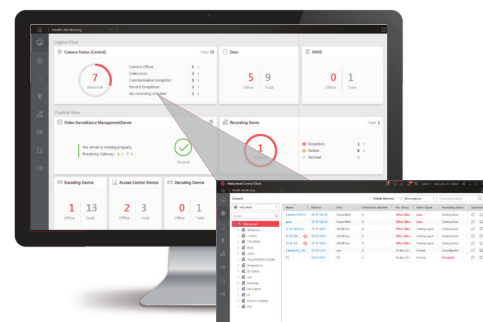

3 MAINTENANCE

Centralized display of general system health appears on the dashboard for up-to-the-minute status report.

Possible problems associated with the system:

Quickly locate the exceptional servers and devices via the related link to expedite problem resolution
