NEW COLORVU ESSD 2 MP/4-CH BUNDLE KIT:

RELIABLE DVR WITH MOTION DETECTION 2.0 AND 24/7 FULL-COLOR MONITORING

ColorVu

HIKVISION

Introducing Hikvision's new 2 MP ColorVu TurboHD eSSD Bundle Kits offer the perfect solution for your video security needs with 24/7 full-color and intelligent, advanced tracking with Motion Detection 2.0. This bundle includes an embedded solid-state drive (eSSD) for reliable storage of video, a 45% reduction in power consumption, and a compact design. With impressive Motion Detection 2.0, you'll never miss a thing—it allows you to focus on human and vehicle events with instant alarms and handy search functions.

Easy to install and use, this ColorVu TurboHD Kit bundle is perfect for homeowners and businesses looking to enhance their security system with a space-saving system. Get your hands on this advanced security kit today to experience new colors, clarity, stability, and convenience as you start securing your property with ease.

BENEFITS:

- Built-in, eSSD design reduces power consumption by 45% to help guests save energy costs and is also eco-friendly.
- eSSD design delivers outstanding shock resistance to prevent video loss due to mechanical shaking and provides more reliable video storage.
- Captures high-quality, full-color video 24/7 to protect people and property at night with the same sharp rendering as in daylight.
- Motion Detection 2.0 to gain effective false alarm reduction and focus on what really matters.
- Compact design is well-suited for residential and retail stores with limited space.

ESSD DESIGN IMPROVES PERFORMANCE AND DURABILITY

Video monitoring is made easier with Hikvision's eSSD DVR that delivers sustained performance and improved reliability. The embedded solid-state drive design offers greater shock resistance and durability combined with a compact housing to ensure a reliable video storage system, while saving power and providing a more compact design than traditional HDD DVRs. This kit supports the need of commercial, residential and retail applications that need advanced technology in a compact system.

BETTER TRACKING WITH MOTION DETECTION 2.0

Motion Detection 2.0 has an edge of intelligence over traditional motion detection features. The Hikvision kit helps to reduce false alarms with accurate classification of people and vehicles, reducing false alarms. It also supports quick target search through the classification of people and vehicles on the kit's Network Video Recorder (NVR). In addition to reducing wasted time dealing with invalid alarms, it also saves retrieval time when going through video records.

EXCELLENT LOW LIGHT PERFORMANCE

Hikvision ColorVu Technology delivers clear video even in dark lighting conditions. Compared to traditional IP cameras with only black and white options, ColorVu offers full-color details. By gathering more visual information, the colorful details come are useful during incident investigations for better property protection.
