Title:	Enable Automatic Logon	in Windows 7	7		
Date:	4/10/2012	Version:	1.0	Pages	3
Product:					
Action Required:	Information Only				

Enable Windows 7 Auto Login

1. Load the run box by pressing **WINDOWS KEY *** + **R**, then type "*control userpasswords2*" and click **OK**.

Note: If it doesn't work, you can type in "netplwiz.exe" instead.

Note: If UAC is enabled, then you'll get a UAC prompt on screen. Please specify credentials or permission to pass the UAC elevation.

🖅 Run	
	Type the name of a program, folder, document, or Internet resource, and Windows will open it for you.
Open:	control userpasswords2
	OK Cancel <u>B</u> rowse
