Title:	iVMS-4200 Light vs Full v2.5.0.5			Version:	v1.0	Date:	052016
Product:	VMS					Page:	1 of 3
Action Required:	None, Information Only						

Summary

With introduction of iVMS-4200 v2.5.0.5, Hikvision now offers two versions with the same GUI, but a few options added or removed to optimize the user experience, depending on requirements:

- **iVMS-4200 Light:** To simplify the interface, some of the more advanced and less commonly used features have been removed

- **iVMS-4200 Full:** Retains all features found in iVMS-4200 v2.4.13

iVMS-4200 Light and Full Comparison
