Product:	NVR			Page:	1

How to add IPSAN to NVR

Description

NVR which supports NFS/iSCSI protocol can add up to 8 * 8T Net HDD including IPSAN or NAS.

Note: This function can be configured in website and local GUI.

Preparation

NVR, Computer, Network cable, Net HDD

1) In the web of NVR.

Steps:

- 1. Enter Configuration interface and Storage Management-Net HDD
- 2. Click 'Search' button, and choose 'IP SAN'. Then enter the IP address, click 'Search' and choose the

'File Path'. Click 'OK' button, and finish to add.
