

YOU'RE ALWAYS AT HOME WITH HIKVISION'S DOORBELL

HIKVISION®

FULL HD CAMERA

Monitor your front door with 170-degree vertical field of views at 1080p HD, providing crystal-clear wide angle images and detailed video clips.

DUAL BAND WI-FI CONNECTION

Wi-Fi configuration is easy by simply scanning the device QR code with 2.4/5 GHz dual band Wi-Fi capability for the ultimate in performance and flexibility.

IR NIGHT VISION

See movement at the front door no matter what time it is, catching every detail clearly during the day and night with 24/7 visuals from the doorbell's IR illumination.

TWO-WAY COMMUNICATION

Seamlessly speak to anyone at the door with a very clear audio with its built-in sensitive microphone and high-powered speaker.

MOBILE ALERTS

Receive instant mobile pop-up alerts whenever someone is at the front door ringing the doorbell. No matter where you are, you'll receive the notification within seconds.

SMART MONITORING

Check your doorbell camera from anywhere with your smartphone to view the front door at any time. You are always at home with the Hikvision doorbell.

ADVANCED VIDEO COMPRESSION

H.265 video compression reduces video transmission bandwidth while ensuring high standard video quality, providing clear and constant video streams even with tough network environments.

IMPROVED MOTION DETECTION

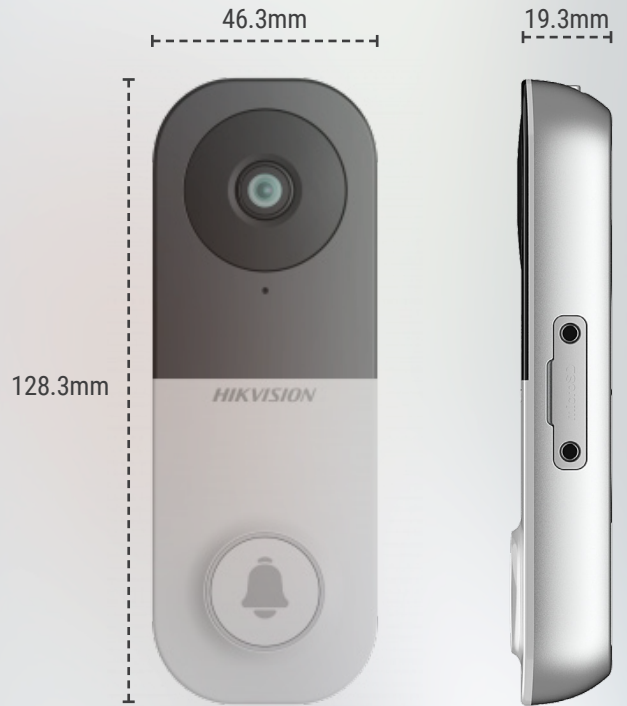

Instantly receive alerts when there is a movement at the door. You can decide which area to monitor for movement and you can decide if you want to receive notifications for human activity only.

Answer your door and monitor your home from anywhere with Hikvision's new 2 MP Video Doorbell (DS-HD2). You can see, hear, and speak to anyone at your door from your smartphone or tablet using our free Hik-Connect app.

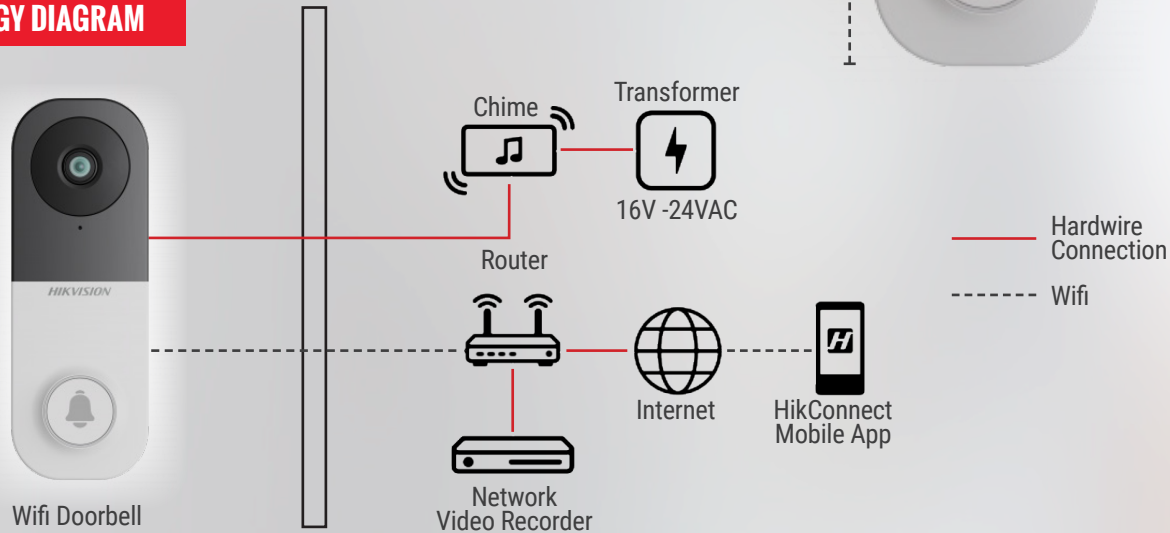

The video doorbell comes with an advanced motion detection algorithm. Only objects entering the detection zone will trigger the doorbell motion detection alarm.

Featuring live on-demand video streaming, two-way audio, built-in IR illumination for night vision, and a weather-resistant design, your home is protected around-the-clock. Hikvision's Video Doorbell is affordable and can be installed in minutes.

Whether you're on vacation, away on business, or just too busy with daily tasks at home, Hikvision's Video Doorbell lets you answer your door from anywhere, at any time. With the Hikvision Video Doorbell, you're always at home.

TOPOLOGY DIAGRAM
