Hikvision

ANPR Series Cameras

Scan to Learn More

Real Time Alert

ANPR cameras can alert users immediately upon detecting a license plate, enabling prompt action against known threats

Forensic Search and Analytics

Users can easily search for and find target vehicles using an intuitive search interface on Hikvision NVR or HikCentral Professional

Versatile Solutions

Cover diverse scenarios, from residential driveways to bustling highways

Application Scenarios

Car Park Entrance

Service Station

Industrial Park

Road Monitoring

Residential

TandemVu ANPR Bullet

ColorVu
Technology

Maximum distance for number plate recognition (meters)	iDS-2CD8A4660-XZHSY (4mm/8-32mm)	30m
	iDS-2CD8A8660-XZHSY (4mm/10-50mm)	45m

Two Views in One Camera

Experience the power of TandemVu's 2-in-1 design—dual lenses and sensors in a single camera, delivering two video streams with one purchase for unmatched efficiency.

Advanced Night Vision

Benefit from Hikvision's ColorVu for vivid color images at night and DarkFighter for capturing details even in near-total darkness, thanks to advanced low-light technology.

Enhanced Intelligence

Go beyond number plates! TandemVu cameras combine ANPR with smart VCA analytics and a vari-focal lens, offering a complete view and optimised ANPR for Australia and New Zealand.

Fixed ANPR Turret

- Turret less prone to tampering
- Hybrid ColorVu Technology with smart lighting feature
- Support a 1-second alarm output duration, making it more compatible with gate controllers

Maximum distance for number plate recognition (meters)	iDS-2CD734760/P-XS(2.8mm)	2.5m
	iDS-2CD734760/P-XS(4mm)	4m

ColorVu
Technology

7 Series Varifocal ANPR Bullet

- Flexible lens options: 2.8-12mm for entrance and exit scenarios, 8-32mm for driveway monitoring, and 47-118mm for distant road monitoring
- Rich interfaces: Wiegand Output, 2x Alarm In/Output, Audio In/Output

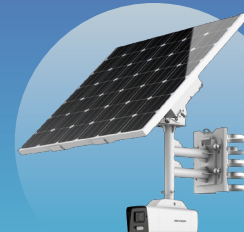

Maximum distance for number plate recognition (meters)	iDS-2CD7A4660/P-IZHSY (2.8-12mm)	10m
	iDS-2CD7A4660/P-IZHSY (8-32mm)	30m
	iDS-2CD7A4660/P-IZHSY (47-118mm)	100m

Solar-Powered ANPR Bullet

- Turret less prone to tampering
- Hybrid ColorVu Technology with smart lighting feature
- Support a 1-second alarm output duration, making it more compatible with gate controllers

Maximum distance for number plate recognition (meters)	DS-2XS6A4661/P-IZS/C36S80 (2.8-12mm)	10m
