Hikvision Video Intercom

A Simple Touch

- Step Up to a New Level of Convenience

Video intercom systems have evolved far beyond answering calls and swiping cards. Today, they incorporate advanced features that enhance security and convenience. As a leading IoT solution provider, Hikvision leverages its innovative technology and professional R&D expertise to deliver intelligent video intercom solutions.

Designed for apartments, suburban villas, offices, and other commercial settings, Hikvision's Video Intercom systems offer exceptional image quality and practical features, including mobile controls, intuitive touchscreens, and user-friendly interfaces, ensuring seamless and modern communication.
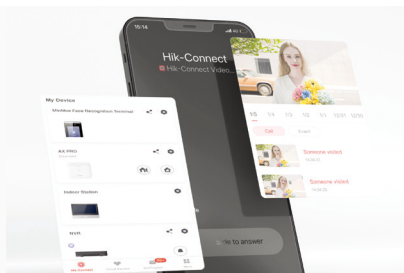

PRODUCT HIGHLIGHTS

All-in-one Management

• Unified control centre for homes and businesses
• Easy third-party application integration with embedded Android system
• Management of all Hikvision devices and systems with visualised interfaces

Mobile Control

Hik-Connect

Scan and Download
the Hik-Connect App

• Cruise through daily operations with the mobile Hik-Connect App
• Talk to visitors, receive calls, play back videos, and unlock doors
  remotely from anywhere, at any time

User-friendly Touchscreen

• Intuitive operation with a better experience
• Modern design perfectly suits home and office environments
• Easy configuration via Wizard

Great Image Quality

2MP   WDR   Low-illu   Large FOV

• Professional video capabilities deliver brilliant video quality
• Clear imaging, even in environments with low light or strong backlight
• Large field-of-view imaging
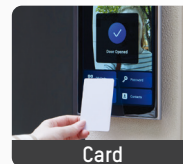

Intelligent Authentications

Face

Fingerprint

Card

PIN Code

• Supports cards, PIN codes, and biometric recognition
• Enjoy touch-free access
• No need to surrender cards when entering
