

**VALUE MEETS TECHNOLOGY**

The New 2nd Gen Value IP Series with AcuSense

Outstanding Value with Vast Form Factors, Enhanced Imaging,
and AcuSense Motion Detection 2.0

Clarity. Intelligence. Security. Introducing the next generation in affordable, quality video surveillance. The 2nd Gen Value IP Cameras come with AcuSense technology included as a standard feature, giving you peace of mind day and night.

See better

Our latest solution—the 2nd Gen Value IP Cameras—provides the high-quality images and enhanced motion detection you've come to trust in our premium cameras, but without the high price tag. Get the protection of greater IR distance than previous generations, meaning better quality, clearer, long-distance footage in the dark. You'll enjoy improved ability to see the finer details. The 8-megapixel Value Series cameras deliver improved, high-definition sharpness and WDR performance, allowing you to better identify targets and security risks.

The New 2nd Gen Value IP Series with AcuSense available for many applications.

Use time better

Your time is valuable. Don't waste time wading through hours of footage to pinpoint specific events. The 2nd Gen Value IP Cameras come with Motion Detection 2.0. End users will save time and disruption searching video clips for specific events with this enhanced feature.

The New 2nd Gen Value IP Series with AcuSense

Identify better

Playback and target classification is easier with Motion Detection 2.0. The 2nd Gen Value IP Cameras not only classify target type, but also sorts them into human, vehicle and others. If you know what you're looking for, you no longer have to spend wasted hours sorting through all of the motion triggers throughout the day. You'll find what you're looking for quickly, so that you can act quickly to protect your property.

Categorize better

Need to save or show surveillance footage to a colleague or legal authority? No problem. The segmented clips can be colour coded and easily identifiable in NVR playback to make finding and accessing the footage quick and easy.

Whatever your unique needs, there is a 2nd Gen Value IP Camera for you. The Value line comes in bullet, turret or dome form factors, continuing to demonstrate our commitment to accessibility and innovation.

The 2nd Gen Value IP Cameras are the new standard for surveillance cameras. Get an increased level of protection at an affordable price and be protected with the quality you have come to expect from the global leader in video surveillance.
