HIKVISION®

Product highlights

Efficient law enforcement

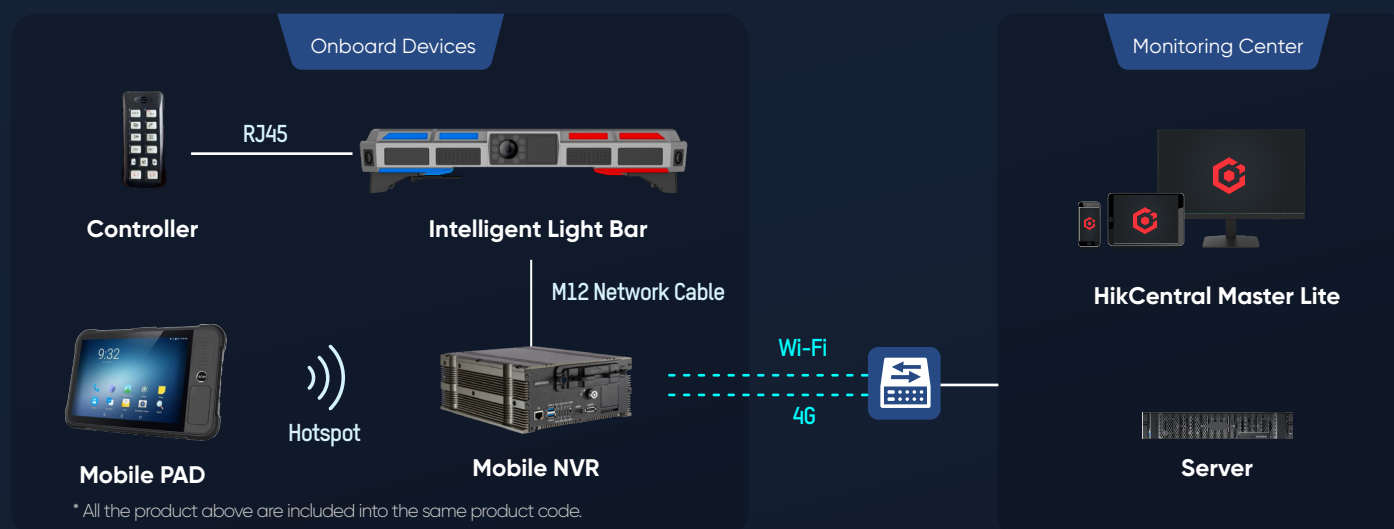

- Accurate ANPR and violation detection including *speeding*, *wrong-way driving*, *lane change*, etc.,
- Radar detecting up to **128 targets**
- Easy activation of police lights and siren

Streamlined evidence management

- Automatic *data categorization*
- Easy access to pertinent information
- Hik-Central Master Lite enabled end-to-end management solution

Stable performance in any environment

- Supplementary lighting options
- *Anti-shock* and *anti-interference*
- Reliable weather proof design
- *GPS*, *4G* and *Wi-Fi* connectivity

Product specifications

Intelligent Light Bar

iDS-TVJ860-IR

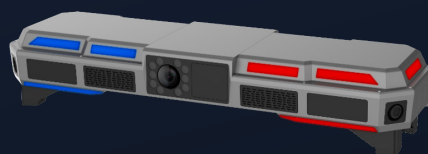

Image Sensor:

Front/Rear camera: 1/1.8" CMOS
Left/Right camera: 1/3" CMOS

Max. Resolution:

Front/Rear camera: 8MP@25/30fps
Left/Right camera: 5MP@25/30fps

Min. Illumination:

Color: 0.001 Lux @ (F1.2, AGC ON)

WDR: 140 dB

Aperture:

Front/Rear : 8mm, F1.6
Left/Right: 4mm, F2.0

Coverage: Up to 5 lanes

Radar Working Frequency: 77GHz

Speed Measuring Range: Up to 320 km/h

Max. Detectable Targets: Up to 128

Power: DC12V~DC14V, 18.3A
