Hikvision’s Emergency Alarm Series has been specifically designed for use in public places to expand safety, confidence, and security. These alarms are especially useful when emergency situations occur and timely responses are required. Both pole mounted and box mounted panic alarm station designs are available to cover a multitude of scenarios.
KEY FEATURES
The emergency alarm products can be deployed across urban areas, providing faster and more effective emergency services, effectively deterring criminals, and bringing a safer community.

When emergency happens, find a nearest alarm column and press the SOS button.

The PTZ camera provides live video and recordings, the operator in the monitoring center can communicate with the person to confirm the situation.

The operator in the monitoring center can broadcast warning via the alarm column to deter criminals, and meanwhile dispatch police to the location.
