App Programming

It's all in the app

One manufacturer, one interface. With the AXPRO, the power is in your hands; manage multiple systems through the Hik-ProConnect app and web interface, configure devices, control video and monitor. A total system with total control.

IVaaS

Offering a wider view.

The AXPRO incorporates IVaaS, integrating video verification capabilities with 4 camera video buffer ON-BOARD, to show the customer exactly what's happening, so they can take appropriate action.
