

HIKVISION®

BRIDGE ANY DISTANCE

Hikvision Webcams

Hikvision **Webcams**

Today, remote meetings, distance learning, and working from home have become normal for people around the world. And to do this, computer users need good webcams. That's why Hikvision – global leader in video technology – designed its own Webcam Series with world-class audio and video, creating top-notch products.

Hikvision's brand new line of Webcams contains a wide variety of options to guarantee the perfect fit for any user in any scenario. Equipped with high edge definition, noise reduction, and USB plug & play, you can get it all – studio-quality imaging, crystal clear sound, and ease of use.

- Horizontal / Vertical
- Supplemental Light
- Up to 4K
- Wide-angle Lens
- PTZ
- USB
- Auto Focus
- Hi-Def Sound
- Plug and Play

Remote Conference

Focus on the Moment

Whether the light is low or bright, whether you need to see the whole or just a part, Hikvision Webcams will help you to focus on the right thing in the right moment.

Application Scenarios

Hikvision Webcams guarantee great streaming with excellent options in a variety of applications. Meetings of all kinds will be enhanced, across any distance.

Small to Medium-sized Meetings

Large Conferences

Corporate Events

Classic Design and Texture

· The UC-Series integrates an advanced anodized housing, giving your professional setting a classic, elegant touch.

Image Rendering to the Fullest

· With up-to-4K definition on board, UC-Series presents clear and smooth video for conferencing

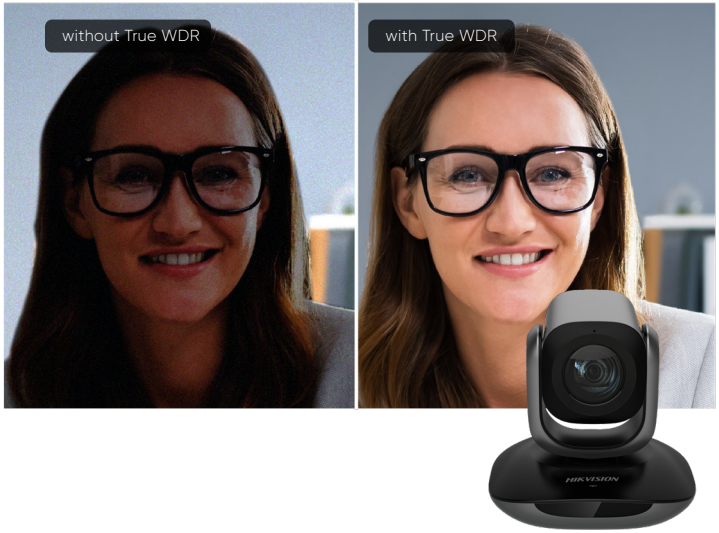

Frame Anything, Hands Free

· U102-Series, the PTZ cameras, features vertical and horizontal rotation with 5x optical zoom, ensuring wide angles without distortion for all participants and boards

· Remote control to adjust cameras. Presets available for locating speakers and participants (up to 5 focal points)

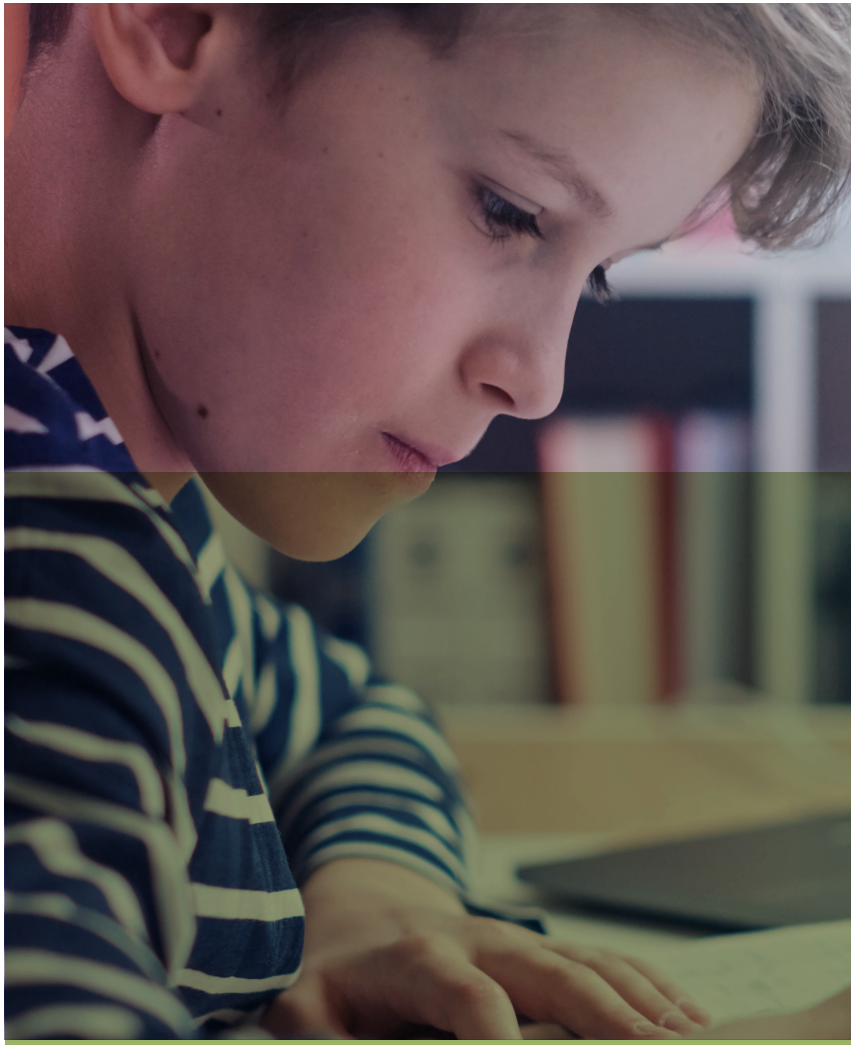

· Equipped with 120 dB True WDR, U102-Series delivers evenly-lit images even in strong backlighting environment

Online Education

Learning Beyond the Bounds

Now there are no limits on learning or education. Travel ten thousand more miles and read ten thousand more books – all online. Hikvision Webcams help you learn more, going far beyond yesterday's limitations.

Application Scenarios

Hikvision Webcams provide all kinds of options for digital learning and sharing.

Keep streaming, keep learning, anytime and anywhere.

Studying from Home

Teaching & Sharing

Desktop

Monitor

Tripod

Quick Set Up for Lectures

· Multiple mounting options provide flexibility for online education applications

· Driver-free USB power supplies are plug-and-play ready

Never Miss a Word

· Intelligent noise reduction empowers study any time, anywhere

· HD sound pick-up ensures background sounds won't interfere

See What's Meant to Be Seen

· The up-to-95° diagonal field of view covers the full context of your course

Live Streaming

Dream It and Stream It

Give your dream a beam of light and step into the spotlight. Share your passion and creativity with the world via Hikvision Live Series Webcams.

If you can dream it, you can stream it!

Application Scenarios

Hikvision Live Series Webcams cater to daily sharing and e-commerce streaming. Although each scenario features distinct forms and patterns, they all share the need for better video clarity and easier operation.

E-Commerce Streaming

Lifestyle Sharing

Gaming

Look Your Best Every Moment

· Tap the icon to adjust the supplemental light between 5 levels of brightness, providing the best ambiance, even in dim conditions

· A natural filter presents the best side of you and your products

Sharp Auto Focus

· Auto focus ensures clarity near and far, as well as movement with no blur

· Built-in TOF-assisted sensor, along with super focus technology, provides instant focus on products and movement

Flip Over as Needed

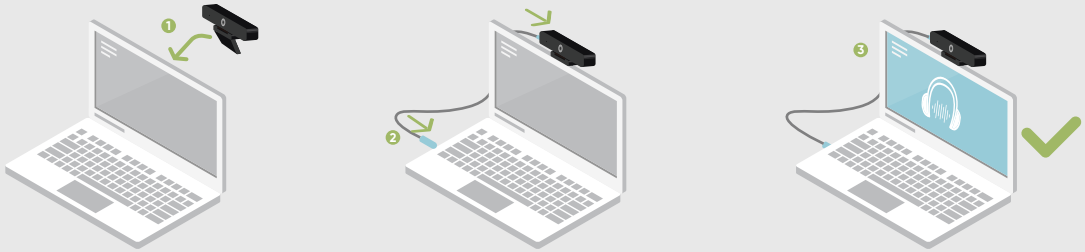

· Three magnetic sides and a magnetic shutter promise a flexible, solid mount and strong privacy protection during adjustment

· Switch image orientation simply with a side flip

Easy Installation

Hikvision Webcams offer a pleasantly simple experience with just a few steps to set up:

1
Mount the webcam on a monitor, tripod, table, or similar location.

2
Plug in the USB cable to connect the webcam to the computer.

3
Open video software; set the video and audio input source as "Webcam."

4
Start streaming!

Compatible Systems & Software

Hikvision Webcams are compatible with a variety of mainstream operating systems and software, e.g. Windows, MacOS, Linux, Android, VooV, ZOOM, DingTalk, WeChat, YouTube
