RETHINK SECURITY
A surveillance system with active response and real-time alarm

TURBO HD X

Active Prevention  Integrated Response  Real-time Alerts
Don’t just watch footage of events after they happen – **PREVENT THEM**

**Multi-device Notifications**
Inform all stakeholders promptly

- **Camera**
  Flashes red and blue light as well as triggers siren to warn off intruders.

- **DVR**
  Pushes pop-up alert for security to respond in time.

- **Hik-Connect App**
  Receives alarm notification on phone. You’ll be able to check live video as well as take other necessary actions.

**Dual Detection**
Two is more accurate than one

- **Camera**
  Embedded PIR sensor accurately identify intruder.

- **DVR**
  Deep learning algorithm helps classify human and vehicle targets.

**A Unified System**
It’s better when everything works together

It’s a complete and unified alarm system including front- and backend devices, as well as a mobile app to check on everything.
at night, someone tries to break into the largest supermarket in town.
