# AX PRO

ULTRA PANEL

Flexible connectivity, enhanced transmission

# Meet Hikvision's AX PRO Ultra Panel

Designed with flexibility and ease-of-use in mind, this innovative panel seamlessly integrates with most legacy systems with wired zones, making it an excellent choice for replacement scenarios. With an extended battery life and a stronger signal, it's perfectly suited for larger residential buildings and business premises.

## Key Benefits

Built-in wired terminals for expanded wired connection

Supports additional antenna interfaces to enhance signal transmission

Enhanced wireless connection

Larger case for 7Ah battery (optional), offering up to 36 hours backup

## Application Scenarios

Large homes

Warehouses

Offices

Small retail stores

# Enhanced wireless and wired transmission

LAN

WiFi

3/4G

## AX PRO

DS-PWA96-M-WE

- 96 Zones for detectors
- 48 Users, 48 Keyfobs, 48 Cards
- 32 Areas, 8 Keypads/Readers, 6 Sirens
- 12-hour built-in battery
- For 200m2 SMB/VILLA scenario

NEW

LAN

WiFi

3/4G

## AX PRO Ultra Panel

DS-PWA96-M2H-WE

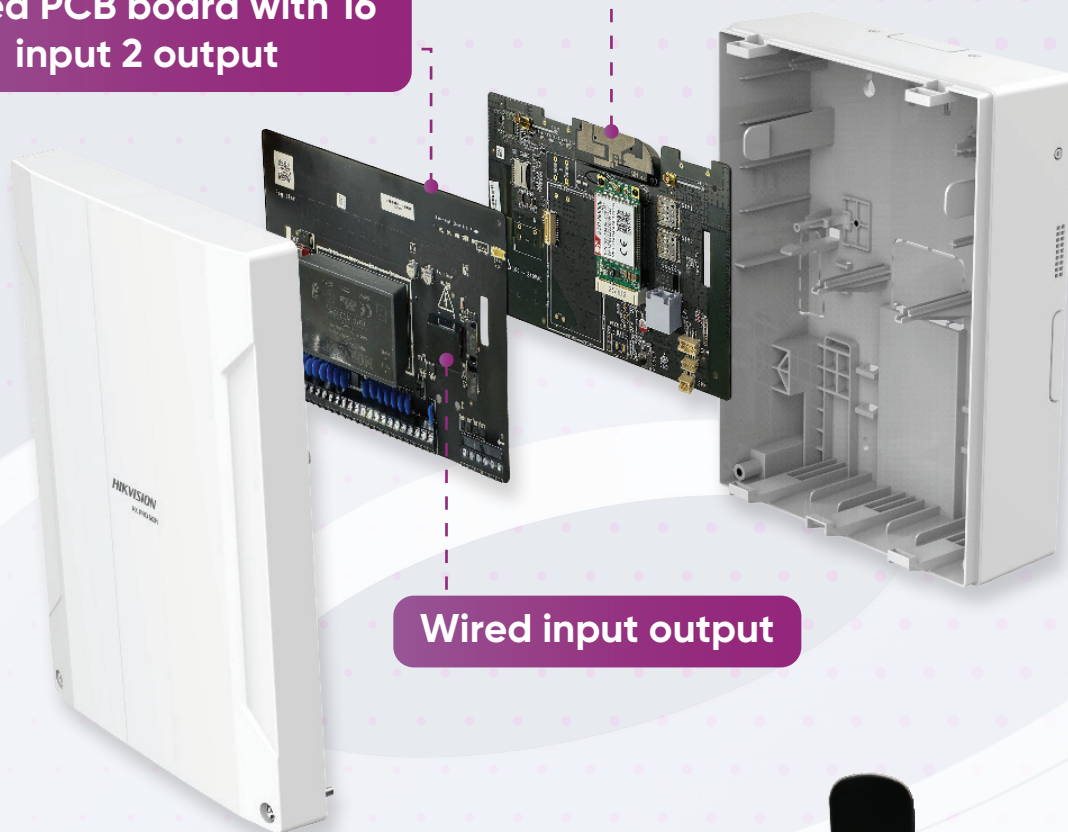

- Ultra benefits than AX PRO
- 96 Zones, including 16 wired inputs, 2 wired outputs
- Better RF Performance +20%
- Space reserved for a 7Ah 36-hour battery
- Support Extra antenna
- For 300m2 SMB/VILLA/Renovation scenario
