

Hikvision Temperature Screening Solution for Retail Shop

HIKVISION®

►► Solution Introduction

Hikvision's temperature screening thermographic cameras are designed to detect elevated skin-surface temperatures at shop entrance and to take proper further guidance.

Easy installation and operation;
cost-effective deployment

Skin-temperature based detection in high accuracy without surrounding interference;
simultaneous temperature screening for up to 30 persons

Fast temperature screening with elevated temperature alarm (pop-up image/audio warning)

►► Solution Components

- AI detection, multiple targets detect at same time
- Video mode: Bi-spectrum image fusion
- accuracy: $\pm 0.5^{\circ}\text{C}$
- Flexible tripod or wall mounting

HD Bullet Temperature Screening Thermographic Camera

- 2 HDMI outputs, 1 VGA port, 1 CVBS output
- Supports temperature triggered alarm
- Pop-up Image and audio warning for temperature exceptions

Network Video Recorder

- 21.5" 1080P, HDMI/VGA input, BNC in, BNC out
- Build-in speaker
- Multiple inputs: HDMI, VGA

LED Monitor
