

DISTANCE LEARNING SOLUTION

FACILITATING ACCESS TO ENGAGING EDUCATION

The Hikvision Distance Learning Solution makes distance learning easier, more rewarding and enjoyable for both teachers and students. It provides a more realistic, immersive learning experience for students, and a useful resource for teachers. It ensures lectures are as engaging as possible, and it can improve access to education.

Why Choose Hikvision?

Immersive Learning Experience

Students will feel like they are in a real classroom, with 1080p video and smart-tracking combining to provide a dynamic view of the teacher and their presentation board.

High Quality Education Resource

Lectures are viewable on multiple devices, including PCs, smartphones and tablets. Students can gain access to previous lectures, with unlimited resource replay time.

HIKVISION®

Key Benefits

Teacher

Resources to deliver great lectures

- Dome camera tracks teachers between presentation wall, teacher's desk and classroom discussion.
- Panoramic camera delivers interactive classroom reactions and feedback and questions.
- Teacher can split between live classroom and presentation material.
- Teacher has flexibility to manage the lecture, with resources like lecture live streaming, record editing tool.
- Teacher can easily start/end live streaming with just one click.
- Records notes written into presentations, for example, for easy sharing.

Student

Advanced immersive and interactive education experience

- High resolution content goes beyond head and shoulders (1080P HD camera).
