

Key Feature

- 4.3-inch LCD display operation screen
- The operating voltage value for each zone is displayed
- Voltage can be steplessly regulated (0.9kV-6.5kV)
- The operating current value for each zone is displayed
- Alarm display icon can achieve real-time monitoring of each zone's situation. Once the alarm is triggered, icon will immediately flash and alarm
- High-voltage terminal with internal wiring enables high-voltage and pulse connection more reliable, stable and safe
- Alarm output mode of the Output pulse voltage technology is programmable, with the design concept of "multi-combination" of industrial control protocol communications and system integration networking
- Multi-function relay controls the programmable output relay, so that the Electric Fence can be perfectly compatible with other security systems
- Without access to external power supply, it can output DC12V, 1A power supply for external equipment to achieve cost savings

Specification

Technical Features

Pulse Value	5000-10000v
Pulse Period	$\geq 1S$
Pulse Duration	$\leq 0.1S$
Maximum Pulse Volume	$\leq 2.5mc$
Voltage regulation	Voltage can be steplessly regulated (0.9kV-6.5kV)
Duration of Pulse Current	Over 300 mA <1.5ms
Peak value of pulse current	< 10A
Maximum energy	$\leq 5J$

Interface

Indication	4.3-inch LCD display screen
Zone Type	4 line double defense
Main Output Power Supply	12-15VDC; 1A(Overload protection)

General

Shell Characteristics	ABS Engineering Plastics
Power Supply	AC90-260V
Flame Retardant Coefficient	UL94V-0
Dimension	380mm*255mm*110mm
Weight	3.9Kg
