Dome Wi-Fi Network Camera
Quick Start Guide

In the Event of Any Conflicts Between This Manual and Actual Product, the Actual Product shall be the sole and exclusive standard.

Conformity Requirement Statement: The product is in compliance with the design standard.

FCC compliance:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

You may be required to comply with FCC conditions or other applicable laws and regulations. If you fail to do so, you may lose the right to operate this equipment. Refer to the label of the product for details.

FCC Conditions

1. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. It has been designed and manufactured to comply with the applicable interference limit specified in the FCC Rules, and is intended for use in a manner that does not cause harmful interference to licensed communications.

2. The actual level of any potential radio frequency energy emissions from this equipment can be determined by turning the equipment off and on, the user is expected to determine whether or not the equipment is causing interference by turning the equipment off and on. If the equipment causes harmful interference to radio communications, the user is encouraged to correct the interference by trying one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. Operation is limited to indoor use only. This device must be operated in such a manner that it does not cause harmful interference, and
2. This device may not cause harmful interference, which may cause undesired operation.

You are cautioned that any changes or modifications not expressly approved in this manual could void your warranty.

Trademarks Acknowledgement

- Product. Pictures, charts, images and all other information representations, express or implied, regarding to the Manual, any information. The battery is marked with this symbol, indicating that this product contains a battery.
- This product is sold with the battery. Battery of this product contains heavy metals (Cd), lead (Pb), or mercury (Hg). For proper recycling, follow local laws.
- Directive 2012/19/EU (WEEE directive): This product should not be mixed with other waste. It should be delivered to the nearest collection point. For more information see: www.recyclethis.info.
