

HIKVISION

DS-2CD6D54G2-IZHS(/NFC) 4-Directional Multisensor Network Camera

- 4 adjustable lenses in one camera cover up to 360° field of view, ensuring no blind area monitoring and the monitoring tilt angle can be adjusted
- Each lens up to 5 MP, capturing clear images, and more details can be displayed on video wall
- Clear imaging against strong back light due to 120 dB true WDR technology
- Water and dust resistant (IP67) and vandal proof (IK10)
- Human and vehicle target classification based on deep learning for up to 4 channels
- Unique PTRZ capability for efficient installation
- Audio and alarm interface available

#### DORI

The DORI (detect, observe, recognize, identify) distance gives the general idea of the camera ability to distinguish persons or objects within its field of view. It is calculated based on the camera sensor specification and the criteria given by EN 62676-4: 2015.

| DORI            | Detect  | Observe | Recognize | Identify |
|-----------------|---------|---------|-----------|----------|
| Distance (Wide) | 63.7 m  | 25.3 m  | 12.7 m    | 6.4 m    |
| Distance (Tele) | 120.5 m | 47.8 m  | 24.1 m    | 12.1 m   |

#### Typical Application

Hikvision products are classified into three levels according to their anti-corrosion performance. Refer to the following description to choose for your using environment.

This model has MODERATE PROTECTION.

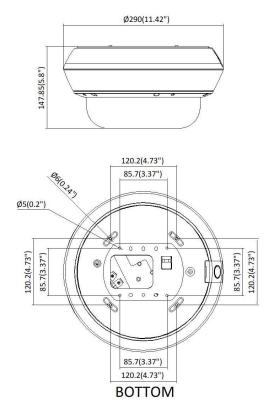

| Level                  | Description  |
|------------------------|--|
|                        | Hikvision products at this level are equipped for use in areas |
| Top-level protection   | where professional anti-corrosion protection is a must.        |
|                        | Typical application scenarios include coastlines, docks,       |
|                        | chemical plants, and more.                                     |
|                        | Hikvision products at this level are equipped for use in areas |
|                        | with moderate anti-corrosion demands. Typical application      |
| Moderate protection    | scenarios include coastal areas about 2 kilometers (1.24       |
|                        | miles) away from coastlines, as well as areas affected by acid |
|                        | rain.  |
| a spacific protostion  | Hikvision products at this level are equipped for use in areas |
| No specific protection | where no specific anti-corrosion protection is needed.         |
