

Branch

Entrance - Touchless Temperature Screening & Mask Detection.

CUSTOMER EXPERIENCE AND SAFETY

- Hikvision's touchless temperature screening thermographic cameras are designed to detect elevated skin-surface temperatures and mask wearing status at entrances, prompting further actions and suitable guidance.

TOUCHLESS SKIN-SURFACE TEMPERATURE & MASK DETECTION

- High accuracy touch-free skin-surface temperature and mask detection, without the need for close physical contact.
- Fast temperature screening with elevated temperature alarm (pop-up image/audio warning).

ATM Area - Behaviour Analysis.

Deepin Mind NVR

Based on deep learning algorithms, Behavior Analysis NVR supports the detection of loitering, people gathering, violent motion and timely triggers alarms, which can effectively improve the security of various places.

Reception - Facial recognition & monitoring abnormal temperature.

NEED TO RECOGNIZE A VIP FROM YOUR BRANCH?

- Hikvision's DeepinView cameras are designed to detect human faces and carry out facial comparisons. This specific service temperature enables a VIP to enjoy the exclusive and considerate experience as soon as they arrive.

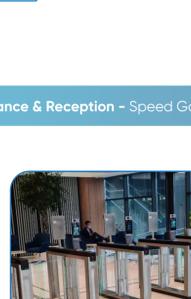

FAST HUMAN FACE CAPTURE AND VIP RECOGNITION

- High facial recognition accuracy with deep learning technology.
- Faces of all types from around the world are supported.

Lobby - Multi-Directional Monitoring.

FULL COVERAGE IN MULTIPLE DIRECTIONS

- Four adjustable lenses in one camera cover up to a 360° field of view, ensuring there are no monitoring blindspots. The monitoring tilt angle can also be adjusted.

FAST HUMAN FACE CAPTURE AND VIP RECOGNITION

- Adjustable lenses in one camera cover up to a 360° field of view, both two direction and four direction options are available.
- Each lens can be zoomed in/out separately to monitor both the whole area and examine details.

Office & Customer Service Area - Indoor Panoramic Monitoring.

CAPTURE 360° IMAGES

- Hikvision's Panoviu DS-2P1332B2-DE3 Panoviu Mini-Series Network PTZ camera, with integrated panoramic and PTZ cameras, is able to capture 360° images with its panoramic cameras, as well as detailed close-up images with the PTZ camera.

MINI PANOVU CAMERAS

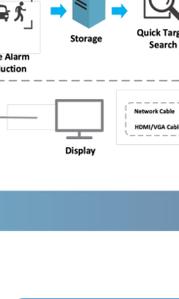

- 3 lenses in one camera cover up to a 360° field of view, ensuring zero monitoring blind spots.
- Panoramic cameras link to the PTZ to capture the whole area and zoom into details.
- Mini-size design is ideal for discreet indoor application.

PROTECT STORAGE ROOM ENVIRONMENTS AND ASSETS FROM THREATS

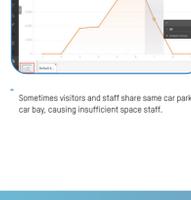

- With a Hikvision access control system, you can prevent illegal break-ins and can get real-time notifications of unauthorised access attempts. Because the access system can be linked to a camera, you can access video footage of the incident for full situation management.

Access Control Devices

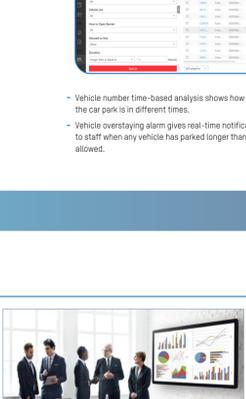

- Supports card, fingerprint, face authentication modes, **all in one terminal**.
- Built-in card reader, for **easy installation**.
- Cross-system linkage between CCTV and access control provides **situational awareness**.

FIRST CARD AUTHENTICATION

Only after a designated manager scans their card will their staff's cards be activated.

Office

Entrance & Reception - Speed Gate.

No Touching Accessing
- Hygiene - indirect touching can be avoided
- Convenient - no cards need to be carried

Multiple Authentication Methods
- Face verification
- Card authentication
- QR code verification

High Security
- Anti-spoofing detection - No photos, videos or fake models can pass the verification.

Gate - Vehicle Entrance & Exit Control.

ANPR CAMERA

Controls vehicle entrance and exit via number plate recognition.

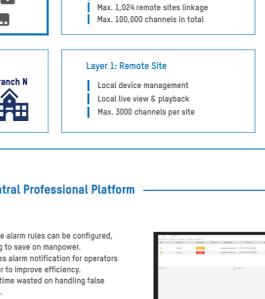

Provides Reports on Passing Vehicles

License Plate No.	Time	Owner	Phone No.
AS157L	15:33	Acron	8845149
B02254	15:41	Econ	8201544
N25977	16:09	Peter	732905

Warning on Barred List Vehicles (Barrier Kept Closed)

STAINLESS STEEL DOOR STATION

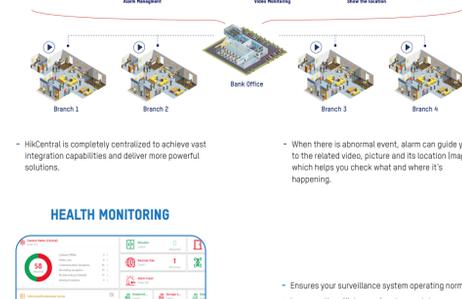

Perimeter - False Alarm Reduction.

DEEPMIND NVR

- Receives intrusion and line crossing detection information from cameras, and identifies humans and vehicles in the video to reduce false alarms.
- Saves on costs and time compared with conventional CCTV systems

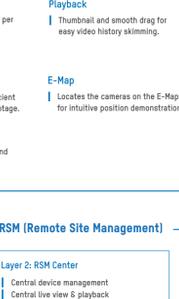

Car Park - PTZ Monitoring.

DARKFIGHTER PTZ

Captures bright and clear images even in ultra low light environments by combining infrared and visible light.
- Hikvision Darkfighter PTZ cameras process colour and brightness independently, outputting one FULL-COLOUR image.
- Efficient H.265 compression technology saves on bandwidth and storage.

- Monitor parking spaces to provide evidence in the event of incidents such as vehicle accidents, thefts, and more.
- PTZ cameras can provide a flexible people tracking function to keep a watchful eye over any suspicious individuals.

NEED EFFICIENT CAR PARK MANAGEMENT?

Sometimes visitors and staff share same car park and car bay, causing insufficient space staff.

VEHICLE MANAGEMENT

Vehicle No.	Time	Owner	Phone No.
AS157L	15:33	Acron	8845149
B02254	15:41	Econ	8201544
N25977	16:09	Peter	732905

- Vehicle number time-based analysis shows how busy the car park is in different times.
- Vehicle overstaying alarm gives real-time notification to staff when any vehicle has parked longer than it's allowed.

Meeting Room - Smart Monitoring.

INTERACTIVE DISPLAY

Easy projection, convenient sharing and flexible comment contributes for a more efficient meeting.

EASY PROJECTION

Built-in AP Hotspot

MULTI-SCREEN MODE

Projecting max. 4 devices at the same time.

BUILT-IN WHITEBOARD

1 mm writing accuracy and 20-point 8K touch technology.

FLEXIBLE COMMENT

Flexible comments and easy sharing by scanning QR code.

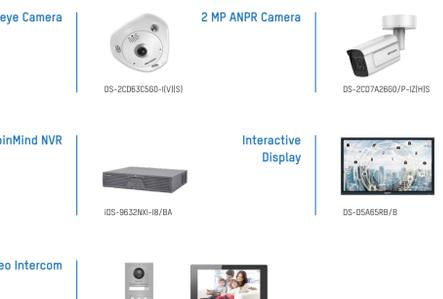

FISHEYE MONITORING

One camera installed at the center of the ceiling to cover the whole office.

- Various expansion modes to present the panoramic view in conventional way of displaying
- High definition provides good image and details
- Fewer cameras means less installation and reduced labor cost

Control Room - HikCentral.

CENTRAL VIDEO MONITORING AND ALARM MANAGEMENT FOR BRANCH

- HikCentral is completely centralized to achieve vast integration capabilities and deliver more powerful solutions.
- When there is abnormal event, alarm can guide you to the related video, picture and its location (map), which helps you check what and where it's happening.

HEALTH MONITORING

- Ensures your surveillance system operating normally.
- Improves the efficiency of system maintenance instead of checking by manpower.

Products

Video Management Software

Live View

- Max. 256 channels' live view per Control Client.
- Auto-adaptive window-split overlay for easy operation.

Video Search

- VCA search enables the efficient retrieval of desired video footage.

System Access

- Desktop client, web client and mobile client for convenient system access.

Playback

- Thumbnail and smooth drag for easy video history skimming.

E-Map

- Locates the cameras on the E-Map for intuitive position demonstration.

HQ & branch double level management with RSM (Remote Site Management)

HikCentral Professional Platform

Multiple alarm rules can be configured, helping to save on manpower. Provides alarm notification for operators in order to improve efficiency. Saves time wasted on handling false alarms.

- Pop-up video on control client, video wall, and mobile app, email and siren alerts, etc.
- Displays alarm list, alarm linkage video and alarm location together in a window
