Car Park

- Real-time alarm on unwelcome vehicle
- Vehicle parking duration report
- Vehicle number time-based analysis
- Vehicle overstaying alarm

Checkout Counter

- Sales data overlaid with video prevents POS transaction manipulation and shoplifting

Entrance - Intelligent video beyond surveillance.

MASK DETECTION

- With Hikvision mask detection technology, the store manager will receive an alarm when an individual entering your premises isn't wearing a mask.

DENSITY CONTROL

- Density control gives customers in queue an intuitive guidance and reduces customer waiting time.

LOSS PREVENTION

- Detects motion of intruder and protects property with instant alarm notification.
- Alarm will be triggered when the shoplifter enters the store.

PEOPLE COUNTING

- People counting: reports which compare number of sales versus customers entering. Improve conversion to sale and avoid lost opportunities.

Shopping Area - High quality surveillance & business analysis.

Fisheye Camera

Fisheye 360° panoramic monitoring

- Same coverage but less cameras: saving installation labour.

Heat & route analysis

- In-depth understanding of customer in-store distribution for product layout optimisation.

Checkout Tills - Synchronise sales data with video footage.

HD VIDEO SURVEILLANCE

- Monitor the cashier area and provide sales related video footage.

Data overlaid with video evidence - search by keyword

- Highly adaptive to most POS machines.
- Quick evidence retrieval by sales key word.

Stockroom - Enhanced security.

VIDEO ACCESS CONTROL

- Flexible: card, finger print or face access.
- Built-in card reader, easy installation.
- Cross-system linkage between CCTV and access control provides situational awareness.

INTRUSION DETECTION

- With Hikvision intrusion products, you can detect any movement in the covered area and get real-time notifications allowing users to know what's happening and take quick actions.

Car park - Vehicle Management.

SHOPLIFTER VEHICLE ALARM

- Alarm notification to staff when unwelcome vehicle arrives, such as known shoplifter, etc.

DETAILED PARKING RECORD

- All vehicle parking records with details for incident query.

OVERTIME PARKING ALARM

- Real-time alarm notification when the vehicle parks longer than it's allowed.
- Ticketing evidence with video and parking details, such as entering time, exit time and parking duration.

PARKING NUMBER REPORT

- Vehicle number time-based analysis shows how busy the car park is in different times.
