

HIKVISION®

TURBO

Analogue HD Cameras

with **ColorVu PoC Technology**

24/7 Colorful Imaging
x Power over Coax

ColorVu Technology

Large Aperture

- F1.0 super aperture
- BBAR coating
- ED Optical glass

Friendly Lighting

- Anti-glare diffusion lens
- Warm supplemental lighting

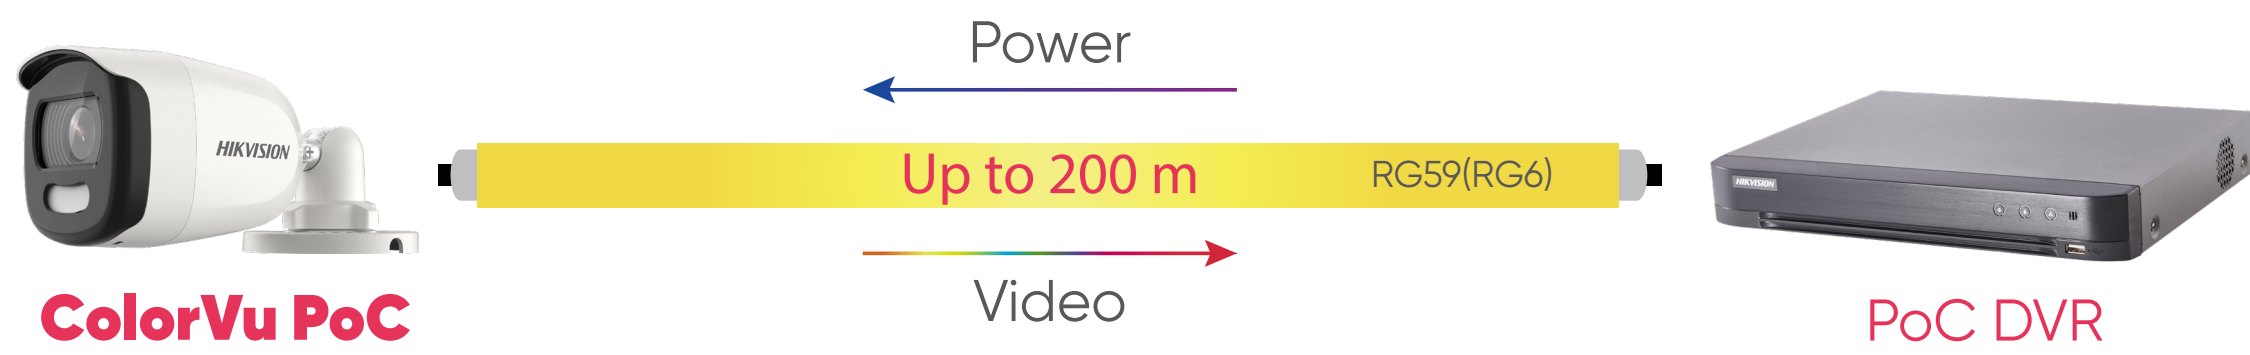

Advanced Sensor

- Smart FSI technology
- Self-adaptive 3D DNR algorithm

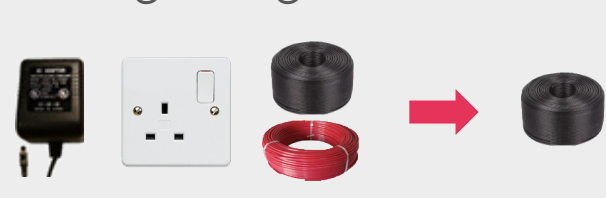

PoC Technology

Video Signal & Power over one coax cable

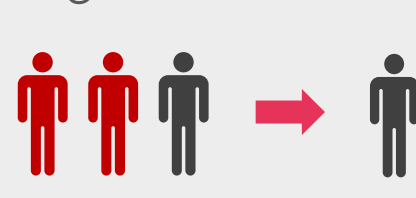

★ One cable solution

Saving wiring costs

★ Simple installation

Saving labor costs

★ Simple maintenance

Saving maintenance time and costs

Product Showcase

FIXED LENS

DS-2CE10HFT-E
20 m smart warm light

DS-2CE12HFT-E
40 m smart warm light

DS-2CE72HFT-E
20 m smart warm light

F1.0 Super Aperture

Collects more light to produce a brighter image

- 5 MP
- 0.0005 lux
- 2.8/3.6 mm
- 3D noise reduction
- IP67
- PoC

Advanced Sensor

Vastly improves the utilisation of available light

VARI-FOCAL LENS

DS-2CE19DF8T-AZE
40 m smart white light

DS-2CE79DF8T-AZE
40 m smart white light

Fixed F1.0 Large Aperture

Superb performance from 2.8mm to 12mm

- 2 MP
- 0.0003 lux
- 2.8-12 mm motorized lens
- Auto focus
- IP68
- PoC/AC/DC triple power supply

Exceptional Sensor

Further improves the utilization of available light
