

Solution Introduction

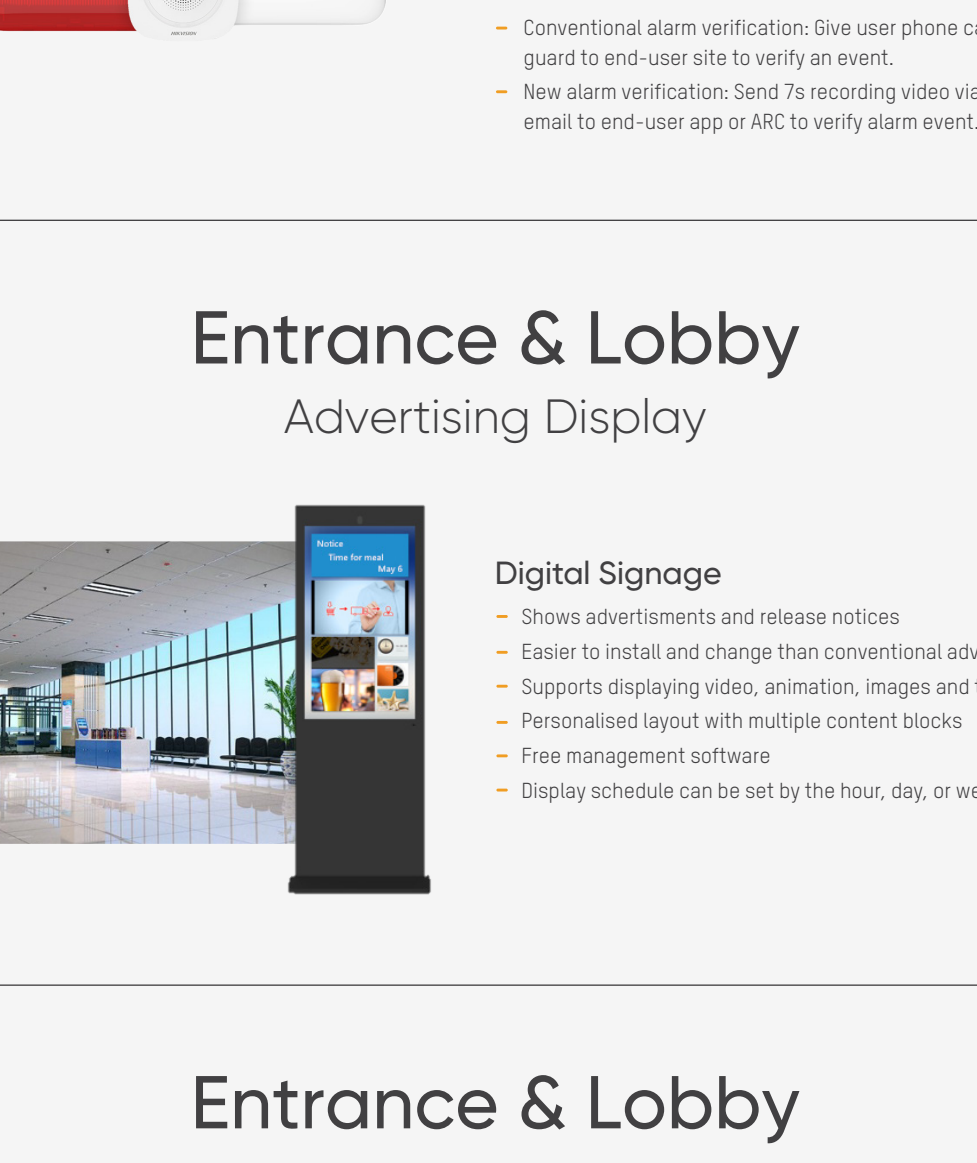

Hikvision's Office Security Applications are designed to increase safety and ensure that your office can make the staff comfortable, with confidence and peace of mind.

Applications

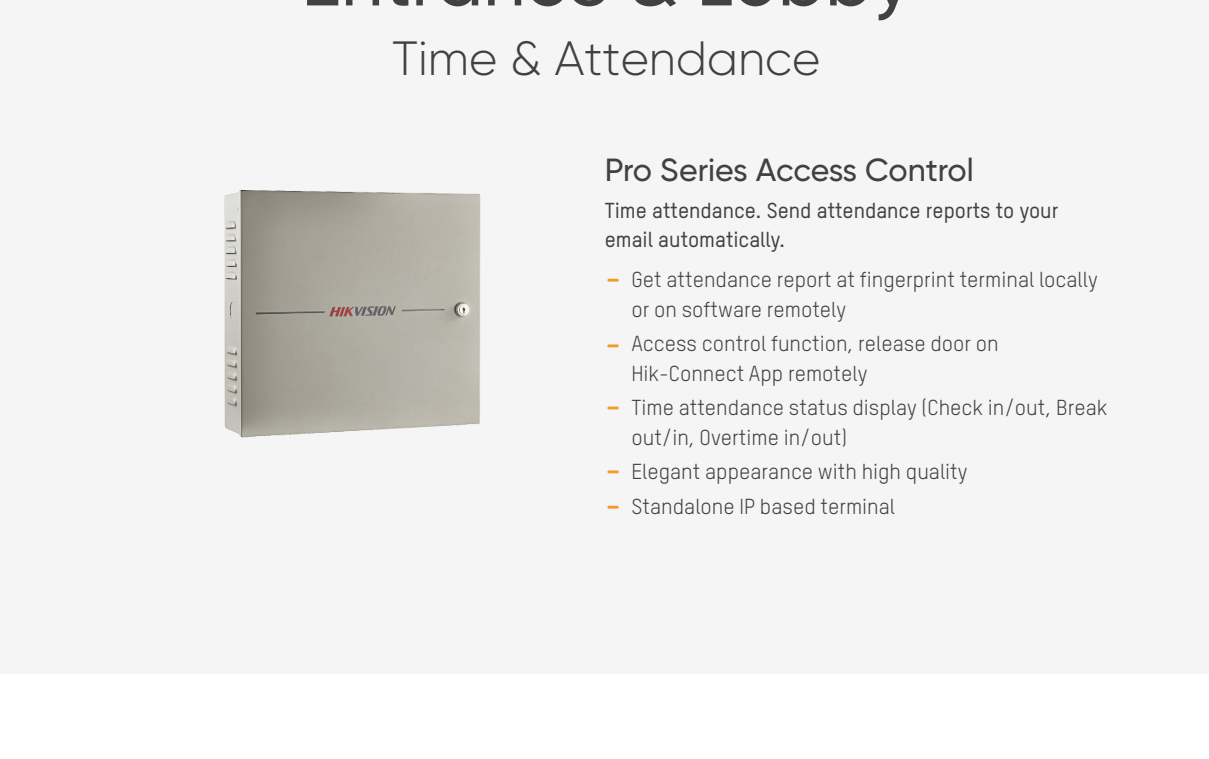

Gate & Perimeter

Perimeter Detection

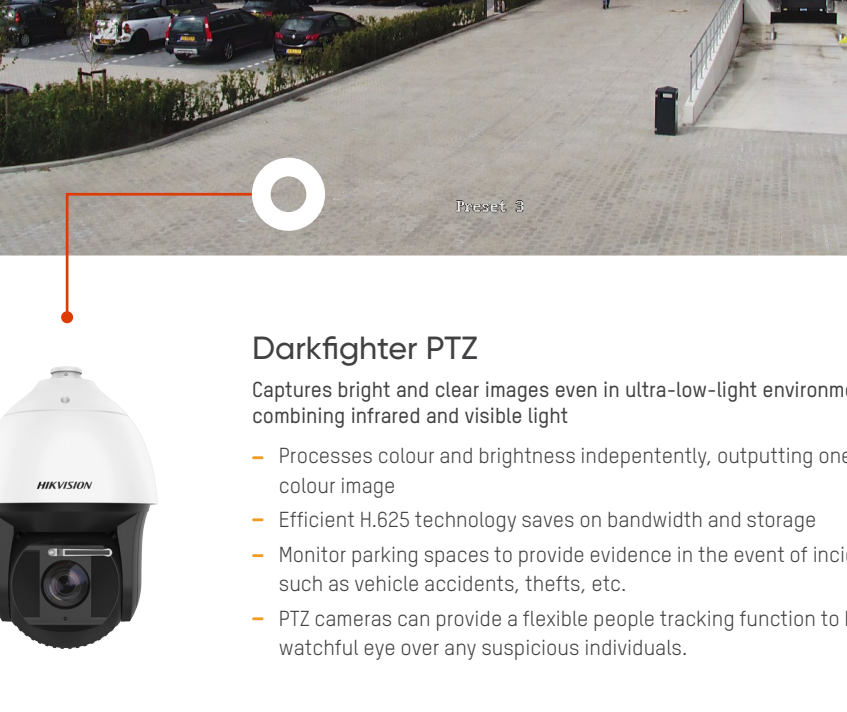

DeepinMind NVR

- Receives intrusion and line crossing detection information from cameras, and identifies humans and vehicles in the video to reduce false alarms
- Saves on costs and time compared with conventional CCTV systems

Entrance & Lobby

Intrusion Detection

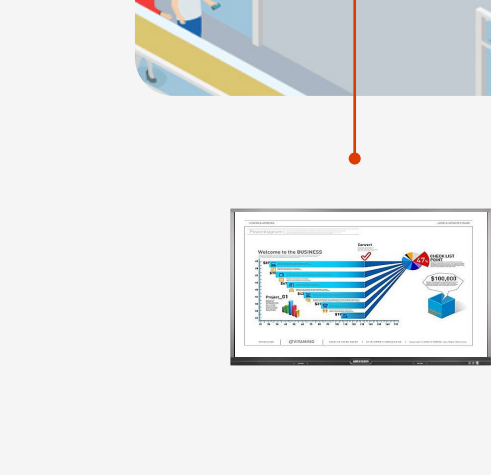

AX PRO Intrusion Detection

AX PRO is a new generation wireless alarm system which supports 2 independent wireless communication channels. This ensures there is no interference across channels and allows super-fast transmission of alarm messages and videos simultaneously. The AX PRO provides an ideal intrusion protection solution, ideal for office facilities. With its minimalist design and superior detector compatibility, it is able to connect a variety of security peripherals to enhance safety.

- Conventional alarm verification: Give user phone call or send guard to end-user site to verify an event.
- New alarm verification: Send 7s recording video via app and email to end-user app or APP to verify alarm event.

Entrance & Lobby

Advertising Display

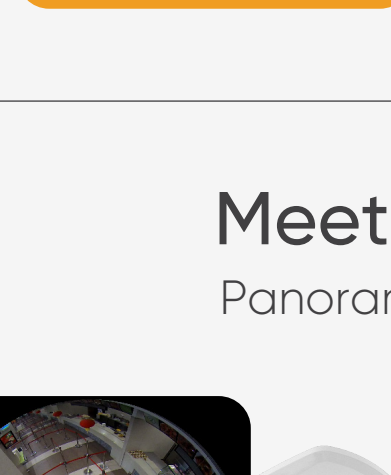

Digital Signage

- Shows advertisements and release notices
- Easier to install and change than conventional advertising.
- Supports displaying video, animation, images and texts
- Personalised layout with multiple content blocks
- Free management software
- Display schedule can be set by the hour, day, or week

Entrance & Lobby

Intercom

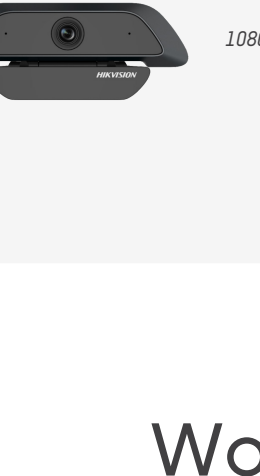

Intercom

- Noise suppression and echo cancellation
- Low illumination
- Premium tempered glass
- Aerospace-grade aluminum

Entrance & Lobby

Time & Attendance

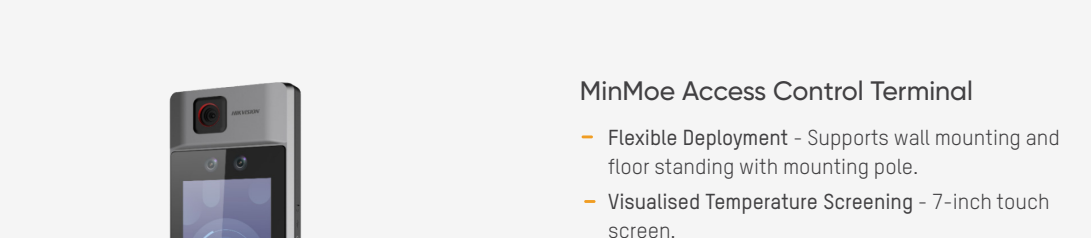

Pro Series Access Control

Time attendance. Send attendance reports to your email automatically.

- Get attendance report at fingerprint terminal locally or on software remotely
- Access control function, release door on Hik-Connect App remotely
- Time attendance status display (Check in/out, Break out/in, Overtime in/out)
- Elegant appearance with high quality
- Standalone IP based terminal

Car Park

PTZ Monitoring

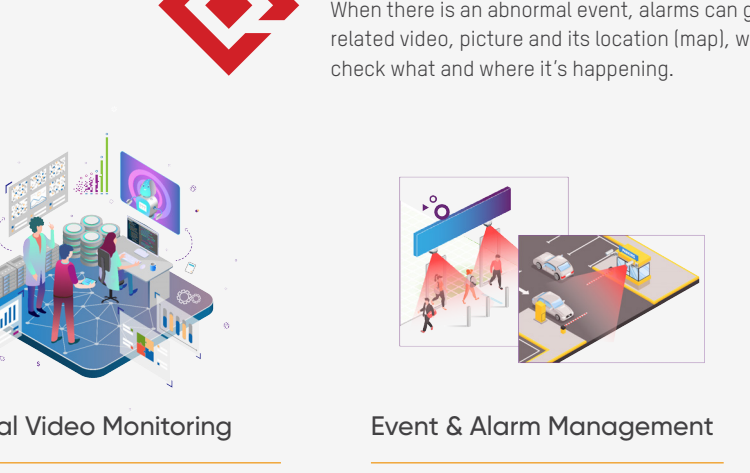

Darkfighter PTZ

Captures bright and clear images even in ultra-low-light environments by combining infrared and visible light

- Processes colour and brightness independently, outputting one full-colour image
- Efficient H.265 technology saves on bandwidth and storage
- Monitor parking spaces to provide evidence in the event of incidents such as vehicle accidents, thefts, etc.
- PTZ cameras can provide a flexible people tracking function to keep a watchful eye over any suspicious individuals.

Car Park

Vehicle Entrance & Exit Management

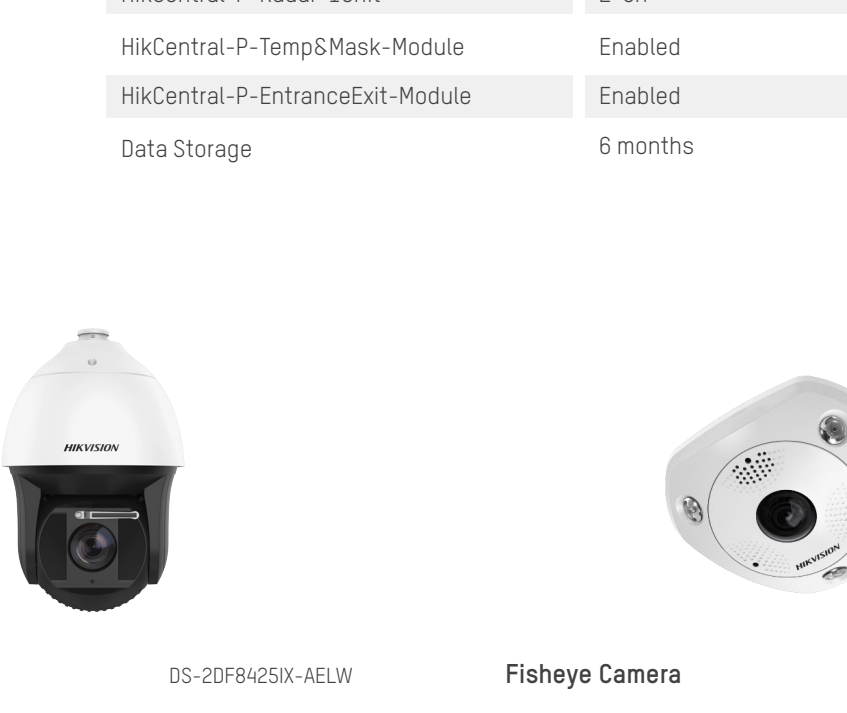

ANPR Camera

Controls vehicle entrance and exit via number plate recognition

- Number plate recognition and recording
- Automatically releases employee vehicles
- Warning on blacklist vehicles barrier kept closed
- Provides reports on passing vehicles

Meeting Room

Smart Meeting

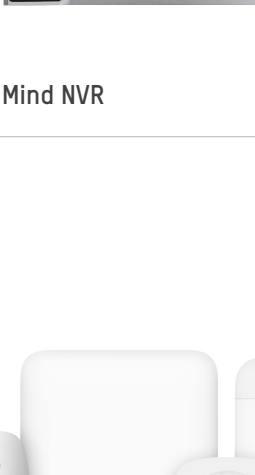

Interactive Display

Easy projection, convenient sharing and flexible comment contributes for a more efficient meeting.

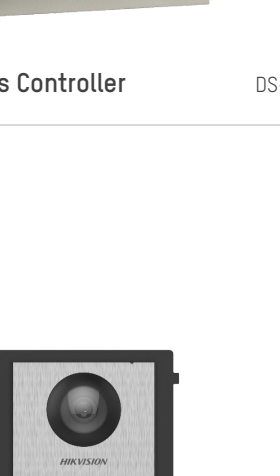

Easy Projection

Built-in AP Hotspot

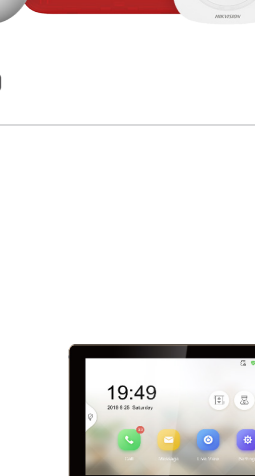

Multi-Screen Mode

Projecting max. 4 devices at the same time

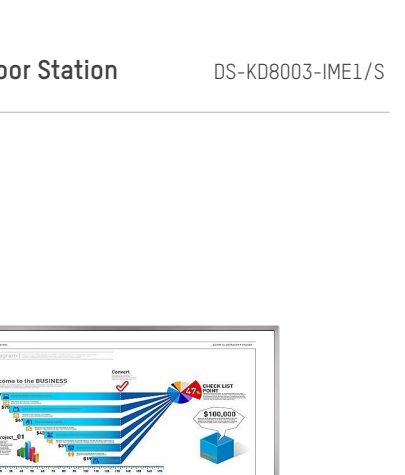

Built-in Whiteboard

1mm writing accuracy and 20-point IR touch technology

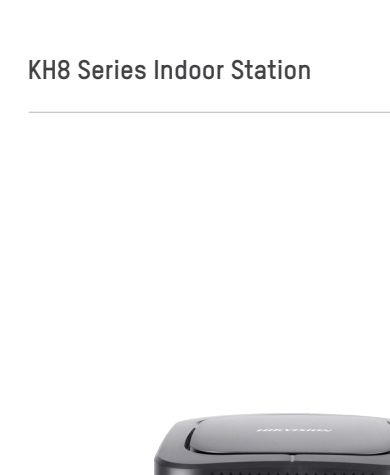

Flexible Comment

Flexible comments and easy sharing by scanning QR code

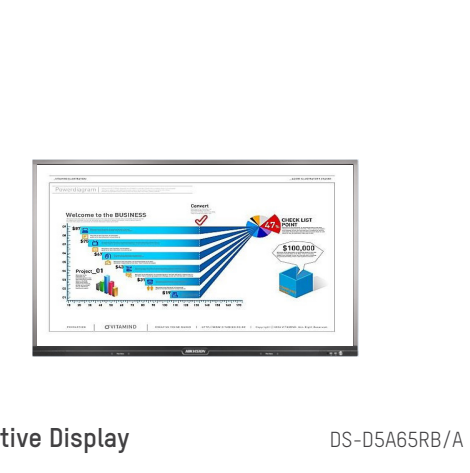

Work from Office

Video Conferencing

Meeting Room

Panoramic Monitoring

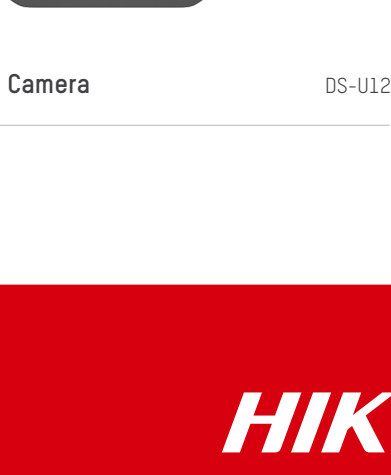

Fisheye Camera

One camera installed at the center of the room to cover the whole office

- Various expansion modes to present the panoramic view in conventional way of displaying
- High definition provides good image and details
- Fewer cameras means less installation and reduced labour cost

Meeting Room

Web Cameras

4K Ultra HD

1080p HD

Web Cameras

- High fidelity stereo pick-up
- Wide-angle view
- Beauty filter
- Self-adaptive brightness
- Compatible for multiple app
- Built-in mic (dual-mic on 4K model)

Working Area

Access Control

Authorising Access

With a Hikvision access control system, you can assign permissions for room entry - preventing illegal break-ins, with real-time notifications of unauthorised access attempts. Because the access system can be linked to a camera, you can view video footage of the incident for full situation management.

- MinMoe Access Control Terminal**
- Flexible Deployment - Supports wall mounting and floor standing with mounting pole.
- Visualised Temperature Screening - 7-inch touch screen
- Thermographic Technology - Measures forehead temperature upon face detection.
- High Accuracy of Temperature Screening - Temperature range 30°C to 45°C.
- Mask Detection - Supports face mask wearing alerts and compulsory mask wearing alerts. Temperature screening with mask.

*In order to obtain accurate temperatures, after the device is powered on, wait for 60 minutes to allow device to warm up.

Control Room

Central Management

HikCentral is completely centralised to achieve vast integration capabilities and deliver more powerful solutions. When there is an abnormal event, alarms can guide you to the related video, picture and its location (map), which helps you check what and where it's happening.

Central Video Monitoring

HikCentral is completely centralised to achieve vast integration capabilities and deliver more powerful solutions.

Event & Alarm Management

When someone has an elevated temperature or is not wearing a mask, event & alarm management can guide you to the related video, picture and its location via map, allowing appropriate responses to be initiated.

Health Monitoring

Ensures your surveillance system operates normally. Improves the efficiency of system maintenance instead of using manual manpower.

Product Showcase

HikCentral Workstation/32

License	Max Performance (pre-activated)
HikCentral Workstation/32	32-ch
ANPR Camera	4-ch
Facial Recognition Camera	2-ch
Door (including door station)	8-ch
Indoor Station	8-ch
Alarm Inputs from AX PRO	32-ch
HikCentral-P-Radar-1Unit	2-ch
HikCentral-P-TempMask-Module	Enabled
HikCentral-P-EntranceExit-Module	Enabled
Data Storage	6 months
