Simple and Easy-to-Use Design

HikCentral Lite is designed for simplicity, allowing even beginners to manage their security systems with ease. With intuitive controls and smart features, managing your security system is simple and effective.

· Organize all information on a single view using drag-and-drop tools
· Access versatile options with a simple right-click
· Access to most-used features with shortcuts

· Real-time monitoring with on-map view
· Manage PTZ functions with a few clicks
· Rapidly find recordings with advanced VCA and object search
· Seamlessly switch between live view and playback
· Filter by labels directly in the view

Operate on the go – manage your security system via the mobile app, ensuring control from anywhere.

Efficient Lifecycle Management

HikCentral Lite streamlines the lifecycle management, making setup, activation, migration, and upgrades fast and hassle-free. The entire process is smooth, ensuring your system remains up-to-date with minimal effort.
