

Hikvision DF3T TurboHD Cameras with ColorVu

See in Full Color,
Even in Darkness

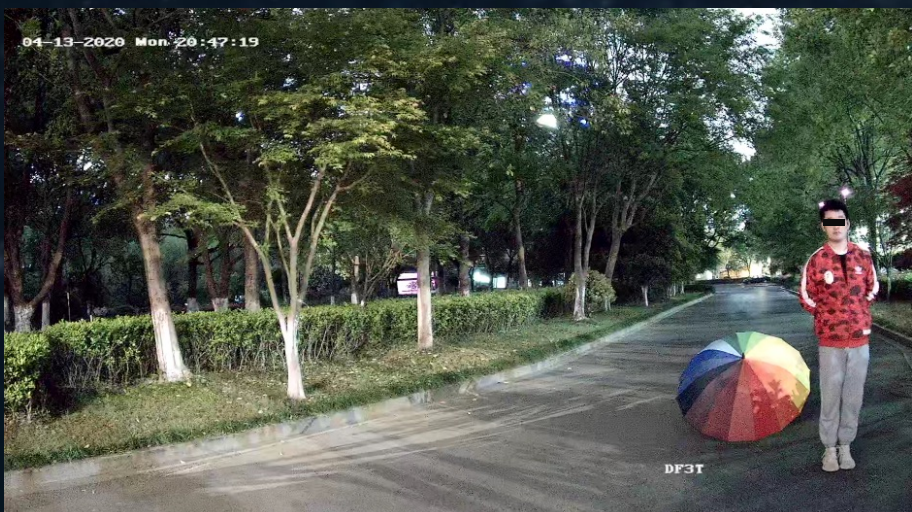

TurboHD technology enables cost-effective high definition images and video over analog cabling

24/7 Colorful Imaging

Low Light Camera — IR Lights Off

DF3T TurboHD with ColorVu — White Lights Off

ColorVu Technology

Active Alignment Technology

Ensures reliable quality.

Adjustment accuracy is within 4 pixels, even smaller than 1/30 diameter of a strand of hair.

F1.0 Super Aperture

Collects more light to produce brighter image.

4x more light collection than F2.0

Advanced Sensor

Vastly improves the utilization of available light.

Applications

Rainy and Snowy Night

Warehouse In Low Light Conditions

Store at Night
