1 Installation

Type: Wall Mounting and Base Mounting

Before you start:
According to the baseline on the mounting template, stick the mounting template on the wall or other surface, 1.1 meters higher than the ground.

Steps:
1. Use two supplied screws to secure the mounting plate on the gang box.
2. Align the terminal with the mounting plate and buckle them together.
3. Use a hex wrench to fasten the two screws at the bottom.

Notes:
1. The installation height here is the recommended height. You can change it according to your actual needs.
2. You can also install the device on the wall or other places without the gang box. For details, refer to the User Manual.
3. For easy installation, drill holes on mounting surface according to the supplied mounting template.
