Device Connection

Connect your devices according to your actual networking requirements.

Gigabit PoE Ports
Gigabit PoE ports are used for other PoE devices connection via network cables.

Gigabit RJ45 Port
Gigabit RJ45 port is used for devices connection via network cables.

Gigabit SFP Fiber Optical Port
Gigabit SFP fiber optical port is used for other devices connection via optical fiber when plugged into an optical module.

Use the attached power cord to connect the switch to socket.
Power-On Checking
See the following table and check whether your devices are correctly connected. After proper connection, you can use your switch without any issues.

<table>
<thead>
<tr>
<th>Indicator Status</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>PoE Solid/Flashing</td>
<td>The switch is powered on normally.</td>
</tr>
<tr>
<td>PoE Unlit</td>
<td>No power supply connected or power supply is abnormal.</td>
</tr>
<tr>
<td>PoE Solid</td>
<td>The output power of the switch is about to reach or already reaches the upper limit. The power supply may be abnormal if more devices are connected.</td>
</tr>
<tr>
<td>PoE Flashing</td>
<td>The switch provides power supply to PoE devices normally.</td>
</tr>
<tr>
<td>PoE GSAT</td>
<td>The power supply may be abnormal if more devices are connected.</td>
</tr>
</tbody>
</table>

Please use the attached power cord in package to power up the switch.

Quick Start Guide
This device supports 4/8-Port Gigabit PoE Switch.

Quick Start Guide
The switch supports 4/8/10-Port Gigabit PoE Switch. For more information, please refer to the documentation for specific battery information. The battery is isolated with this product, which may indicate reference to odourless, Halogen (CLP), Lead (Pb), Mercury (Hg), or Mercury (Hg). The product reusing, return the product to your local supplier upon the purchase of replacement new equipment, or dispose of your old equipment. The following conditions:

1. **Caution**: This product contains a battery that cannot be disposed of as unsorted municipal waste in the European Union. For proper recycling, return the product to your local supplier upon the purchase of replacement new equipment, or dispose of your old equipment.

2. **Attention**: This product contains a battery that cannot be disposed of as unsorted municipal waste in the European Union. For proper recycling, return the product to your local supplier upon the purchase of replacement new equipment, or dispose of your old equipment.

3. **Note**: This product contains a battery that cannot be disposed of as unsorted municipal waste in the European Union. For proper recycling, return the product to your local supplier upon the purchase of replacement new equipment, or dispose of your old equipment.

4. **Declaration of Conformity**: Hikvision Digital Technology Co., Ltd. hereby declares that the product complies with the essential requirements and other relevant provisions of the following EU Directives: The RoHS Directive 2011/65/EU.

5. **Warning**: This product contains a battery that cannot be disposed of as unsorted municipal waste in the European Union. For proper recycling, return the product to your local supplier upon the purchase of replacement new equipment, or dispose of your old equipment.

6. **Notice**: This product contains a battery that cannot be disposed of as unsorted municipal waste in the European Union. For proper recycling, return the product to your local supplier upon the purchase of replacement new equipment, or dispose of your old equipment.

7. **Note**: This product contains a battery that cannot be disposed of as unsorted municipal waste in the European Union. For proper recycling, return the product to your local supplier upon the purchase of replacement new equipment, or dispose of your old equipment.

8. **Declaration of Conformity**: Hikvision Digital Technology Co., Ltd. hereby declares that the product complies with the essential requirements and other relevant provisions of the following EU Directives: The RoHS Directive 2011/65/EU.

9. **Warning**: This product contains a battery that cannot be disposed of as unsorted municipal waste in the European Union. For proper recycling, return the product to your local supplier upon the purchase of replacement new equipment, or dispose of your old equipment.

10. **Notice**: This product contains a battery that cannot be disposed of as unsorted municipal waste in the European Union. For proper recycling, return the product to your local supplier upon the purchase of replacement new equipment, or dispose of your old equipment.

11. **Note**: This product contains a battery that cannot be disposed of as unsorted municipal waste in the European Union. For proper recycling, return the product to your local supplier upon the purchase of replacement new equipment, or dispose of your old equipment.

12. **Declaration of Conformity**: Hikvision Digital Technology Co., Ltd. hereby declares that the product complies with the essential requirements and other relevant provisions of the following EU Directives: The RoHS Directive 2011/65/EU.
