

# Video List

## 一、 Password Reset & Device Activation

1. How to reset your device using the export XML method  
<https://goo.gl/EnasLc>
2. How to reset device password using the secure code method  
<https://goo.gl/u4V3Lp>
3. How to activate a camera using the web interface  
<https://goo.gl/r7arze>
4. How to activate a camera using the SADP program  
<https://goo.gl/SB3gZA>
5. How to activate a camera using the iVMS-4200 program  
<https://goo.gl/oMqVYj>

## 二、 iVMS-4200&4500

6. How to set up the iVMS-4200 software with the storage server  
<https://goo.gl/25b190>
7. How to set up push notifications on iVMS-4500  
<https://goo.gl/1AXkoM>
8. How to setup email notifications on iVMS-4200 software  
<https://goo.gl/7T6fSx>
9. How to add the device to iVMS-4500  
<https://goo.gl/Oqf717>
10. How to add the device to the iVMS-4200 software  
<https://goo.gl/cnK90w>

## 三、 DVR&NVR with Baseline GUI

11. How to configure alarm input trigger recording  
<https://goo.gl/xSThZA>
12. How to use Smart search and Smart playback  
<https://goo.gl/oBS5fj>

13. How to set up Wifi on a IP camera  
<https://goo.gl/ezzXLH>
14. How to install the web components plug-in (Internet Explorer)  
<https://goo.gl/tj60tI>
15. How to enable and configure RAID  
<https://goo.gl/ON1anh>
16. How to configure the N+1 working group  
<https://goo.gl/84MS0V>
17. How to add the NAS/IPSAN disk  
<https://goo.gl/wp9WbS>
18. How to operate People Counting  
<https://goo.gl/qMVJtM>
19. How to configure LPR VCA  
<https://goo.gl/CH4NH2>
20. How to set up S.M.A.R.T. HDD  
<https://goo.gl/3qPA6P>
21. How to set up HDD quota  
<https://goo.gl/2QMQwi>
22. How to configure the HDD group  
<https://goo.gl/mimwil>
23. How to set up transcoded stream  
<https://goo.gl/4z4T0G>
24. How to use simultaneous playback  
<https://goo.gl/GYoV5X>
25. How to transcode playback  
<https://goo.gl/rtYifs>
26. How to configure network disconnection alert  
<https://goo.gl/EjJK5>
27. How to lock/unlock a file  
<https://goo.gl/Xyus0s>

28. How to configure redundant recording  
<https://goo.gl/DB317D>
29. How to configure holiday recording schedule  
<https://goo.gl/3UFZOv>
30. How to set up face search  
<https://goo.gl/8BdbH6>
31. How to log in as a user  
<https://goo.gl/ewfpf5>
32. How to create and set-up a new user account  
<https://goo.gl/VO1c0v>
33. How to playback recording by single frame  
<https://goo.gl/1nmjQA>
34. How to playback recording by sub-periods  
<https://goo.gl/E8jPHR>
35. How to playback event recordings  
<https://goo.gl/uuzotk>
36. How to configure recording by motion detection  
<https://goo.gl/43GJXO>
37. How to export clips by video search on NVR  
<https://goo.gl/do9DEk>
38. How to configure the OSD on a NVR  
<https://goo.gl/un0z98>
39. How to Quick Export video clips from a NVR  
<https://goo.gl/75qBBU>
40. How to export video clips from a NVR  
<https://goo.gl/TZZbE0>
41. How to One-touch add an IP Camera to a NVR  
<https://goo.gl/pvzz8T>

42. How to configure the ANR on an IP Camera/NVR

<https://goo.gl/CyoEJg>

43. How to import and export IP channel information on NVR

<https://goo.gl/7k4Ucv>

44. How to configure live view for HDMI and VGA output

<https://goo.gl/aA60v5>

45. How to upgrade an IP Camera on a NVR

<https://goo.gl/kdHsKm>

46. How to manually add an IP Camera to an NVR

<https://goo.gl/LGyDFa>

47. How to add an IP Camera by custom protocol

<https://goo.gl/K3Bdaw>
