Quick Start Guide

About this Manual
The Manual includes instructions for using and managing the product. Pictures, illustrations and screen displays shown in this Manual or any other materials provided with the Product may differ from the actual Product and its accessories. The pictures, illustrations and screen displays herein are intended only to provide an overview of the functions and are subject to change without notice. Please refer to the actual Product and its accessories for details.

Do not use the Product in any manner other than that described in this Manual. Hikvision shall not be responsible for any problems arising from the use of the Product in any other manner.

Legal Compliance
Any other names, logos, marks, or other identifiers of products and services mentioned in this Manual are regarded as trademarks or registered trademarks of their respective owners.

Do not Attempt to Repair
You are not authorized to repair the Product by yourself. If there is any problem with the Product, please contact your local distributor or service center.

Use Under Proper Supervision
This Quick Start Guide is intended for use by a person who uses the Product in a supervised environment.

Notifications for the Product
The Information and Maintenance of this Product is provided for general reference to the user. There may be some differences between the illustrations and the actual products.

Free of Charge
This product is provided on an ‘as is’ basis and ‘as available’ basis. In no event shall Hikvision be liable to you or any third party for any special, indirect, incidental, or consequential damages, including, among others, lost profits, loss of data or documentation, in connection with the use of or inability to use this product, even if Hikvision has been advised of the possibility of such damages.

Industry Canada ICES-003 Compliance
This device complies with the ICES-003 (Canada) ICES-003 standards requirements. The ICES-003 (Canada) ICES-003 standards requirements are listed below:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

Regulatory Information

FCC Information
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Consult the dealer or an experienced radio/TV technician for help.

EU Conformity Statement
This product is compliant with the essential requirements for the protection of health and人身安全, electromagnetic compatibility, and the restriction of the use of certain hazardous substances as described in the following statements:

1. The installer and user are responsible for password and security configuration of the device.
2. The installer and user are responsible for password and security configuration of the device.

Symptoms and Marks

Notice
Purchase separately
- Not necessarily included accessory
- Snap this step if not required
- Dispose

Maintenance
This Vandal-Resistant Dome Camera is designed to be vandal-resistant and cannot be disassembled.

Cleaning
Do not use solvents, paint thinner or thinner for cleaning.

Emergency
This device is for indoor use only. It should be installed in a dry environment away from water, humidity, dust, and other harmful substances and gases.

Do not attempt to repair the Product by yourself. If there is any problem with the Product, please contact your local distributor or service center.
